LATERAL FILES

Global's wide variety of lateral files can satisfy every price point and individual style. Choose from center or full pulls, fixed or receding drawer fronts, various size drawer openings and a range of colors to coordinate with any office.

1200 Series
Premium products configured to suit your needs; build your cabinet as you specify from the top down. Features fixed front or receding doors with looped full pulls handles and full welded seamless tops to deliver strength and clean aesthetics. Drawer fronts also have a welded reinforcement channel for additional strength. Available with extra large openings to accommodate binders. Posting shelves, half-height drawers and electronic locks are also available. Drawer fronts align when placing multiple heights next to one another. Lock is always located between the 3rd and 4th position (except on 1 1/2 and 2 high units).

9300 Series
Features a center pull and seamless welded corners to provide lasting strength and durability. Available with both fixed or receding doors.

9300P Series
Features a looped full pull for convenient opening and upscale appearance. Smooth, seamless welded corners provide lasting strength and durability. Available with both fixed or receding doors.

Features and Benefits

- Standard locks with removable cores for keying alike.
- Standard lock bars on both sides of cabinet provide increased security.
- Positive interlocking system prevents tipping by allowing only one drawer to open at a time.
- Full extension ball bearing suspensions.
- "B" openings are large enough to accommodate standard 3-ring binders.
- Side-to-side hanging file bars included for filing letter or legal size documents.
- Standard leveling glides ensure drawers are easy to open.
- Earth friendly electrostatically applied coating protects the environment and provides a durable finish.
- Available in a range of colors, including special paint finishes - see notes for details.

Core removable cam locks are standard.

Leveling glides keep the file case true ensuring easy open drawers.

Full depth shelves for legal documents.

LATERAL FILES - NOTES

DESIGN AND CONSTRUCTION FEATURES OF 9300, 9300P FILES

- **THE LETTER "P" IN THE MODEL NUMBER DESIGNATES FULL PULL MODELS**. All other models have recessed center pulls.
- An earth friendly electrostatically applied coating protects the environment and provides a durable finish.
- Internal steel corner gussets increase strength and rigidity.
- Case construction combines spot and mig welding for greater durability. Top cap stiffener included for added strength.
- Indents on cabinet sides show ganging locations.
- Standard locks have removable cores for keying alike or later modification in your office. *Core removal keys are available; please contact your Global Customer Service representative.*
- STANDARD LOCK BARS ARE ON BOTH SIDES OF CABINET, PROVIDING INCREASED SECURITY.
- Positive interlocking system is integrated into each suspension allowing only one drawer to be opened at a time.
- Full extension ball bearing suspensions with built-in feature prevent drawer bounce back and creepage.
- "B" OPENINGS: refer to binder height openings.
- "B" OPENINGS (with receding doors) will accommodate letter, legal and A4 hanging folders, plus STANDARD THREE RING BINDERS.
- "B" OPENINGS (with fixed drawer fronts) will accommodate letter, legal and A4 hanging folders, plus EDP SUSPENDED DATA BINDERS.
- "L" OPENINGS: refer to letter height openings.
- "L" OPENINGS (with receding doors or fixed drawer fronts) will accommodate letter, legal or A4 hanging file folders.
- Receding doors slide easily into cabinet.
- Pull-out shelves have a rolled front edge. Fixed shelves (custom order only) have a flat front edge for easier material retrieval.
- **Interior drawer parts and all accessories** are EFC (environmentally friendly color - a variable charcoal-like color as a result of the use of recycled finishing materials).
- Side-to-side hanging file bars are included in standard configurations and are fully assembled. These can be positioned for letter or legal materials.
- Four adjustable leveling glides are easily accessible from inside the cabinet to assist in quick and proper installation.
- For environmental certification, please visit globalfurnituregroup.com.
- Lifetime Warranty.
- Counterweights are available. Please contact your Global Sales Representative for further information.

Features and Benefits
- Locks have removable cores for keying alike.
- Full seamless closed tops for a smooth appearance and increased strength.
- High wall drawer sides accommodate front-to-back hanging file folders and eliminate the need for costly hanging file frames.
- Fully adjustable and removable follower block is standard.
- Full extension ball bearing suspension for smooth and durable drawer movement.
- Earth friendly electrostatically applied coating protects the environment and provides a durable finish.
- Available in a range of colors, including special paint finishes - see notes for details.

DESIGN & CONSTRUCTION FEATURES OF 2600 SERIES

- An earth friendly electrostatically applied wet gel paint process protects the environment and provides a durable finish.
- **26.56" case depth** in both legal and letter widths. Case construction combines spot and mig welding for greater durability.
- Top cap has a seamless front giving a clean smooth appearance while increasing strength and rigidity.
- Additional strength is provided by four vertical steel channels.
- **Locks are standard** on all 2600 Series models.
- All tenon locks have removable cores for keying alike or later modification in your office. Core removal keys are available; please contact your Global Customer Service representative.
- Standard thumb latch prevents accidental drawer opening or bounce back.
- High wall drawer sides accommodate front-to-back hanging file folders.
- A follower block is standard in every drawer for holding "non-hanging" file folders upright. Removable to maximize space.
- Leveling glide option NOT available.
- Full extension ball bearing suspension provides smooth and durable drawer movement. Built-in guides for easy drawer removal and insertion to adapt to changing filing needs.
- Lifetime Warranty.
- For environmental certification, please visit globalfurnituregroup.com.

DESIGN & CONSTRUCTION FEATURES OF 2800 SERIES

- Cases and components are painted with a high-solids polyester and epoxy blend of powder electrostatically applied to 2 mil thickness and baked at 450˚ for 15 minutes to a hard and durable finish.
- **28" case depth** in both legal and letter widths. Case construction combines spot and mig welding for greater durability.
- Fully seamless top cap gives a clean smooth appearance while increasing strength and rigidity.
- Additional strength is provided by six vertical steel channels (three each side) in a fully enclosed welded bottom.
- **Locks are standard** on all 2800 Series models.
- All tenon locks have removable cores for keying alike or later modification in your office. Core removal keys are available; please contact your Global Customer Service representative.
- 2800 Series drawer fronts have **recessed drawer pulls with movable clear label holder**.

GENERAL INFORMATION

- Comprehensive range of personal storage in a variety of sizes and configurations starting at 27"H single column widths up to 66"H triple column widths.
- Configurations include units with 1, 2, 3, 4, 6, 8 or 9 compartments depending on size.
- Lockers adapt to any space plan; in personal or shared workspaces, individually tailored to suit storage needs. Ideal for flex spaces or used to define space and used as barriers between work areas and to help guide workplace foot traffic flow.
- Painted metal case available in two depths with door front options available in painted metal or thermally fused laminate to add warmth and complement desking products or millwork. Also available in limited sizes without doors for open cubby style storage.
- Multiple door pull options including integrated full metal pulls, applied pulls to match Global desking series and "no pull" options for ease of cleaning and to seamlessly integrate with any existing products to customize the overall aesthetic.
- Keyless lock option available, keypad style digital lock; programmable for "assigned" or single use "hotelling" applications.
- Inside access to leveling glides for ease of installation.
- Units may be specified for optional ganging.
- Ships fully assembled.

CONSTRUCTION SPECIFICATIONS

- Metal case construction of top/bottom and inside panels in 18 gauge steel; sides, back and shelves in 20 gauge steel.
- Door fronts may be specified in painted metal or $^{11}/_{16}$" thick thermally fused laminate doors with 2mm matching edge.
- Standard flush base with recessed kick base and 1" levelers (3/4" of adjustability for leveling), elevated units also available with 4"H feet (2" of adjustability for leveling).
- Welded case with reinforced channels to ensure strength.
- Full overlay doors with soft close hinges.
- Meets applicable ANSI/BIFMA standards for optimum durability and performance. Note: All 12", 15" or 18" wide lockers must be ganged to another locker or anchored to a fixed wall or adjacent cabinet for compliance with applicable ANSI/BIFMA X5.6 Storage standards.

Care and Cleaning

Textiles

Fabrics: To extend the life of your seating upholstered in fabric, regularly dust the chair to prevent airborne particles from penetrating the fabric surface.

For light soiling, use a damp cloth and blot the spot with very light pressure, taking care never to soak the fabric. Dry with a clean cloth by blotting - never rub fabric. More intense stains can be treated the same way, but with a mild detergent. Always test fabric first in an unseen area before using any cleaning method.

Leather: For regular cleaning, simply use a soft damp cloth, taking care not to soak the leather. For more thorough treatment, soak a soft cloth in a mild soap solution and wipe surface in a light circular motion. Repeat with clean water. Allow to dry and polish with a soft dry cloth. Do not use detergents, aerosol sprays or other polishes.

Hard Surfaces

Laminate & painted metal finishes: Wipe the surface with a clean soft damp cloth; if needed, a mild soap solution (i.e. Ivory dishwashing liquid) can be used. To prevent streaks, dry the surface with a clean dry soft cloth moving in a circular motion.

Textiles

- **Water-based cleaner** (**W**): Spot clean, using the foam only from a water-based cleaning agent, such as a mild detergent or non-solvent upholstery shampoo product. Apply foam with a soft brush in a circular motion. Vacuum when dry. Pretest small area before proceeding.
- **Solvent cleaner** (**S**): Spot clean, using a mild water-free solvent or dry cleaning product. Clean only in a well-ventilated room and avoid any product containing carbon tetrachloride or other toxic materials. Pretest a small area before proceeding.
- **Water/solvent cleaner** (**WS**): Spot clean with a mild solvent, an upholstery shampoo, or the foam from a mild detergent. When using a solvent or dry cleaning product, follow instructions carefully and clean only in a well-ventilated room. Avoid any product that contains carbon tetrachloride or other toxic materials. With either method, pretest a small area before proceeding.
- **Vacuum only** (**X**): Clean this fabric only by vacuuming or light brushing to prevent accumulation of dust and grime. Water-based foam cleaning agents of any kind may cause excessive shrinking, staining, or distortion of the surface pile and therefore, should not be used.
- **Crypton cleaning** (**C**): Generally stains are removed with plain water and powdered enzyme detergent. Upholstery foam shampoo, water-based cleaning products and germicidal detergents can be used. Be sure to remove all residue from cleaning products with clean water. Do not use solvent-based cleaners or dry cleaning products.
- These recommendations and codes were developed by fabric specialists. However, because of the various ways fabric can be stained or damaged, there is no guarantee that the results will be completely successful. Use suggested methods on your own responsibility. To help prevent overall soil, frequent vacuuming or light brushing to remove dust and grime is recommended. Use professional furniture cleaning service when overall soiled condition has been reached.

Combining two textile grades on Global seating will result in the revised grade shown above.

- Assumptions: Two or more chairs are being ordered, there are no textile pattern repeats larger than 15" and the textile is at least 54" wide.
- A picture or sketch of where the two textiles are to be applied must be provided at time of order.
- This chart cannot be used for combining more than two textiles, a special quotation will be required for combining three or more textiles.

This illustrated list price book has been designed to facilitate fast reference and easy use. Products are categorized into "seating", "desks", "files", "panels" or "tables" and are listed numerically within their categories. The line drawings match actual photographs (where possible) to aid in instant recognition of the total range within a series.

Sales of Global Furniture Group ("Global") products are made only on Global's standard Terms and Conditions of sale which are contained in this list price book. The "Purchaser" in these Terms and Conditions shall refer to Dealers and those who originally purchase directly from Global for use or re-sale. These standard Terms and Conditions may be modified or supplemented only by a separately written document signed by Global's authorized personnel at its head office in Toronto, Ontario, Canada. Any term or condition contained in any purchase order or other form used by the Purchaser to order goods (including standard, printed language) which is different from, in addition to, or in any way inconsistent with Global's standard Terms and Conditions shall be of no force or effect whatsoever.

All illustrations, specifications and prices in this list price book are based on the latest product information available at time of publication. Global reserves the right to make changes at any time and without prior notice to prices, colors, materials, specifications and models offered.

Description
Each product shown or described in this list price book is standard Global product. Available options are noted at the beginning of each series. Available options may require additional delivery time and cost, and may affect the warranty given. Sizes and weights shown are approximate and are subject to slight changes from time to time.

Prices and Payment
The prices shown in this list price book as well as those quoted by Global, are in Canadian dollars for orders shipped to destinations in Canada.

If shipping date requested is more than 90 days from date of order, Global shall reserve the right to use published list prices effective at time of shipment.

Orders are invoiced at time of shipment. Terms of payment are net 30 days from date of invoice unless otherwise stated. The Purchaser agrees that Global shall reserve the right to enforce a charge amounting to 1.5% per month (18% per year) on invoices outstanding more than 30 days.

If the Purchaser's most recent annual net volume is less than $5,000, Global may suggest payment be made in advance.

All orders are subject to the Purchaser complying with Global's prevailing credit policy.

Any products sold by Global shall remain the property of Global until fully paid.

Prices are suggested list prices only and are subject to change without notice. Global will, however, attempt to keep the Purchasers up-to-date on all developments including price changes.

Taxes
All prices shown in this list price book are exclusive of sales, use, excise, HST and other applicable taxes and duties which may be the Purchaser's responsibility as per the invoice issued by Global. If the Purchaser claims an exemption from such taxes, it shall be the Purchaser's responsibility to furnish Global with an appropriate exemption certificate at time of order.

Ordering Information
Global requires that all orders be submitted in writing and will be acknowledged on Global's acknowledgment forms governing the transaction.

The details appearing on this acknowledgment will describe the items to be shipped and the approximate shipping date. It is the Purchaser's responsibility to determine that the information in the acknowledgment is correct. In the event of an error, the Purchaser must notify their Global Customer Service representative immediately by telephone followed by written confirmation. Shipping dates are assigned to orders based on the items having the longest manufacturing lead time (unless instructed to partial ship).

At time of order, please provide the following information:

1. Account number (if possible)
2. PO number
3. "Bill to" and/or "Ship to" and name and address
4. Complete model number and selected options including textiles/finishes
5. Special instructions and tag information
6. Shipping instructions, please indicate:
   a. pick up
   b. Global trailer program
   c. common carrier, provide name of carrier, your account number
7. Special quote (SQ) # or MTM # (if applicable)
8. Customer's Own Material (COM), Global Purchased Material (GPM), Customer's Own Leather (COL), see below.
9. For specials and custom quoted product, please indicate the custom quote # on your PO. If changes are made to the quote a new quote must be issued prior to submitting the order. It is the Purchaser's responsibility to determine that the information on the quote is correct. Global will not be responsible for wrong product due to errors in the quote.

The above points will be checked by Global for accuracy. Global will process orders using the codes provided by the Purchaser. Price discrepancy is the responsibility of the Purchaser. The Purchaser must notify Global prior to invoicing.

The Purchaser is responsible for providing correct information at time of order. If no option(s) are selected the system will default to standard feature(s). Orders with missing/incorrect information (finish, etc.) will be put on hold until all information is complete. Orders will be scheduled for manufacturing upon receipt of complete information.

Changes and Cancellations
After the date of Global's acknowledgment of the Purchaser's order, the order may not be changed or canceled by the Purchaser without the written consent of Global. Orders for products upholstered in "special order textiles" (GPM) cannot be canceled once material has been purchased. Special order items, COM and textile-covered items already in production are not subject to change or cancellation under any circumstances. Textile-covered items are considered to be in production once the textile is scheduled for cutting. Other standard items already in production are subject to a minimum 35% cancellation charge.

Errors and Omissions
All quotations, acknowledgments and invoices are subject to corrections for any errors and omissions.

Casters
The list price book specifies the caster which comes standard with each chair model. Most chairs are equipped with C1 or C65 casters which are best used on carpeted surfaces. If it is intended to use the product on hard surfaces such as ceramics, concrete, linoleum or hardwood, it is recommended to use different casters. It is the responsibility of the customer to determine the standard caster for a particular product and whether such caster is appropriate for the given application. The Arm and Caster section illustrates the caster options offered by Global and their suggested uses.

FINISHES
Seating Finishes - Painted
Where painted frames are not a standard color, a special quote is required.

Seating Finishes - Wood Stains
A one time setup fee of $250 net will be applied per order for custom wood staining/color matching requests. This payment will be valid for 5 years from the date it is set up. After 5 years, the $250 setup fee will apply again. Restrictions may apply. The customer must provide a 3" x 3" color chip/sample.

For application of customer's own wood stain, there will be an upcharge of 10% list price, per unit (in addition to the option upcharge, when applicable). For orders with custom stain unit quantities of 30 or more, the upcharge may be reduced or eliminated. A Special Product Request must be submitted for a quotation.

File Finishes
There is no upcharge on any standard file finish. Any non-standard file finish must be approved by Global prior to acceptance of order and may be subject to an upcharge.

9100 Series, 9100 Plus Series, 9300 Series, 9300 Plus Series, 9700 Series, G Series Pedestals, and E Series Pedestals can be ordered in non-standard finishes with a 10% upcharge on orders up to and including 10 units. There is no upcharge on orders of 11 units or more.

Please note:
- You can only combine 9100 Series files and 9100 Plus Series files to meet the 11 unit minimum.
- You can only combine 9300 Series, 9300 Plus Series, and 9700 series to meet the 11 unit minimum.

An upcharge of 10% will apply to Metallic, Mica, Tungsten and any non-standard White finishes regardless of the number of units ordered.

Wood Veneer Finishes
Because the distinctive characteristics and the nature of wood products cause variations, exact matches are not always possible. Global will not be held responsible if the finishes cannot be matched.

Customer's Own Material (COM)
Use of COM must be approved by Global prior to acceptance of order. Please submit the Authorization Request Form. Photocopy and use this form as often as necessary. The customer must provide a 12" x 12" textile sample and advise how the textile is to be applied and quantity of textile being sent. **Textile yardage requirement will be advised by the factory, and additional yardage may be required if pattern requires matching**. Upon approval from Global, send textile to the COM Department at: 596 Supertest Road, Toronto ON, M3J 2M5. Send to the address provided on shipping document upon approval from Global. If COM is difficult to apply or if product is required to be modified, extra charges will apply. Global reserves the right to cancel an order at any time if COM is inadequate for any reason. COM must be shipped freight and duties paid if applicable to our factory. Such shipment must be fully identified with the Purchaser's order number, and the item for which the material is intended. Performance of COM when applied to product is the sole responsibility of the Purchaser. Global's standard product warranty shall not apply to COM.

COM price is the lowest published price/grade for the series. The published yardage requirement for COM orders is approximate and shown beside each item in the list price book. The yardage shown there is based on the textile requirements for cutting and sewing a single chair in a plain patterned textile. For textiles with a pattern repeat or for COM orders involving 10 or more chairs, please consult with Customer Service for recalculation of the yardage requirements as this may significantly change the textile requirement.

Textile Grading
All products are priced according to their standard textile grade. Lower grade textiles may be available but at the same price as standard textile grade. See Textiles and Finishes section for graded textiles.

Combining two grades of textiles may result in a revised grade. Please refer to "Two Grades Combination Chart" in the Textiles and Finishes section . For more than two textiles a special quotation is required.

Global Purchased Material, Customer Specified (GPM)
Global may purchase material specified by the customer. Use of GPM must be approved by Global prior to acceptance of order. If it is difficult to apply or if product is required to be modified, extra charges will apply. Global reserves the right to cancel an order at any time if GPM is inadequate for any reason. Performance of GPM when applied to product is the sole responsibility of the textile vendor. Global's standard warranty will not apply to GPM materials.

Customer's Own Leather (COL)
Not all seating can be upholstered in leather. Please consult series notes for availability. COL price is the lowest published grade for the series (leather or fabric).

Upholstery Coverings
Slight variations in color may occur between dye lots. Although Global attempts to minimize these variances, they do occur and must be accepted as normal and will not be considered defects.

Leather is a Natural Product
Natural variations occur in the color, grain and texture of leather. As a result, a degree of variation should be expected. As leather is used it develops a patina. Its color changes slightly, it will get marked and it will stretch and pull, these are the hallmarks of genuine leather and are not considered defects.

Yardage
Required yardage (yd) is based on unmatched materials with widths of 54" for seating, 63" for panels.

Arms
A wide selection of arms are available for some series. See Arm Chart in the Seating list price book.

Weight
In the Seating list price book, weight is provided for both unit weight and carton weight. In the Desking + Tables or Metal Filing + Storage list price books, carton weight is provided.

Delays
Global's order acknowledgment will state a shipping date which is Global's best estimate at the time the order is acknowledged. However, Global shall not incur any obligation or liability to the Purchaser for failure to ship by specified date unless Global has agreed to an unequivocal shipping date in a separately signed written document executed by its authorized personnel at its head office. In addition, Global will not be liable for any loss or damage resulting from any delay or failure in shipment or other failure to perform all or any part of the agreement between the parties with respect to the goods shown on the face of the order acknowledgment where such delay, failure, loss or damage is the proximate result of any act of any governmental authority or political subdivision thereof, revolution, riot, civil disorder or disturbance, delay or default in transportation, strike disputes among or between labor unions or other labor disputes, delay or inability in obtaining materials and facilities, fire, flood, act of God or any cause not within the reasonable control of Global.

Free on Board (FOB)
FOB point is Global's Factory, Toronto, Ontario, Canada.

Courier Type Shipments
This symbol is used to indicate that the adjacent product can be sent by courier type shipments, such as Federal Express, Purolator, CanPar and UPS.

Shipping
The Purchaser must select, at time of order, one of two methods of freight payment. Global will make no end-user shipments unless special arrangements have been made.
1. FOB point of shipment, freight collect - pick up and common carrier.
2. FOB point of shipment, freight prepaid and invoiced to the Purchaser - Global Trailer Program.

All deliveries are dock to dock.

Service
Service requests are normally the responsibility of Global's authorized Dealers. Where this cannot be accomplished on a local level, service problems should be referred to Global's Customer Service Department.

Tel: (416) 661-3660
Fax: (416) 661-661-0983 or 1-877-585-5579

Returns
No returns of goods will be accepted without written consent and shipping instruction from Global. A minimum re-stocking charge of 35% is made on all authorized returns for credit or refund, provided goods are received by Global in the condition in which they left the factory. This may increase depending on the type of product. Global's Return Goods Authorization (RGA) numbers must appear prominently on all authorized returns. Global will not be responsible for return freight costs. No credit will be given if goods cannot be reused as new. Special order items, non-stock items and COM products are in no event subject to return. All returns must be approved and authorized in writing by Global Customer Service. Global reserves the right to refuse delivery of any unauthorized returns.

Claims
All goods are sold FOB plant or Global Distribution Center. Global is not responsible for damage which occurs in transit (or in storage). The carrier signs for all goods received in apparently good order. It is the Purchaser's responsibility to examine goods upon receipt and to file any claims with the carrier for losses or damage to the product occurring during transit, including concealed damage.

Any claims made against Global for apparent defects, errors or shortages must be made by the Purchaser, in writing, within 15 working days after any delivery. Failure by the Purchaser to make any claim against Global within 15 days shall constitute acceptance of the goods and a waiver of any apparent defects, errors or shortages.

Suspension
In the event that the Purchaser defaults in the payment of any sum due to Global, or in the event the Purchaser's financial condition becomes unsatisfactory to Global, Global shall have the right to defer or discontinue shipment of any goods until such time as the default is cured or the Purchaser provides assurance of payment to Global.

Cubic Measure
The stated volume is an approximate cubic foot measure that may be used to calculate freight costs. The figure shown is the total shipping volume of a unit (e.g. if a part is sent in 2 cartons the volume indicated reflects both cartons together) and is subject to change without notice. It is most economical to purchase the specified number per carton.

Combined Shipments
Global will make every effort to combine shipments and orders on written request. However, Global cannot be held responsible where such requests are not complied with.

Offer of Sale
Possession of this list price book or any other literature shall not imply the company's willingness to sell to the holder and shall not be construed as a direct offer of sale.

If a conflict arises between: (i) prices found in software support packages furnished to the customer by Global or by any other source on behalf of Global; and (ii) Global's current pricing found on Global's website, then the most current shall prevail.

Testing Qualifications
Many Global products pass or exceed the most stringent industry testing standards.

Disclaimer
Metric dimensions are provided for seating products for reference only. In the event that there is a discrepancy between imperial measurements and metric measurements, imperial measurements shall prevail. Prices shown are current manufacturer's suggested list prices at time of printing. Updated pricing is available on Global's website. All applicable taxes are extra. Descriptions, specifications and prices are subject to change without notice. Errors and omissions are subject to correction.

Fire Codes
Flame resistant components are most often requested to be tested to comply with California Technical Bulletin 11, often referred to as CAL117. The foam used in Global chairs meets the requirements of California TB117 and all of the upholstery fabrics Global offers meet this requirement. There are other fire codes that are not commonly specified. Global Upholstery Ltd. can usually provide test results for any North American code. Please contact Customer Service.

This list price book is effective as of January 1, 2023.

WARNING - SEATING PRODUCTS
TO PREVENT PRODUCT FAILURE AND POSSIBLE INJURY:

Ensure that the appropriate selection is made for the intended use of the chair including user's weight. Some chairs are not recommended for users above a certain weight. Frequently inspect the chair for visible cracks and tighten all screws, bolts and adjustable knobs. If the chair is damaged or unstable, immediately remove it from service.

Any information or suggestions concerning applications, specifications or compliances with codes and standards is provided solely for your convenient reference and without any representation as to accuracy or suitability. Global disclaims any legal responsibility. The user must verify and test the suitability of any information or products for his specific application. Global reserves the right to change the Terms and Conditions in the list price book without notice.
