

POWER SOLUTIONS
moodpower

Safe and convenient modular power

ModPower is a flexible system that brings power and charging anywhere people work or learn. It is a daisy chain solution ideal for training rooms, stationary and mobile tables, workstations and benching systems. The easy to use connectors are touch safe and include latches to prevent unintended separation. With two styles (in-surface or on-surface units) you can easily and quickly install a code compliant solution, from a single wall or floor power supply.

In-surface power solution

In-surface units are slim and unobtrusive

Connect multiple worksurfaces with code compliant solutions

In-surface starter unit

In-surface middle unit

In-surface end unit

The in-surface unit is an easy to use option that brings power to any environment. This option provides connectivity from any angle and the unobtrusive flush-mount design complements a wide range of interior styles. Included is an adjoining bezel that hides mounting screws and worksurface cut-out for a clean power solution that is available and ready whenever needed.

On-surface power solution

Vertical clamp

Horizontal under table screw-in

Horizontal clamp

Horizontal screw-in

Vertical screw-in

On-surface starter unit

On-surface middle unit

On-surface end unit

On-surface units have a slim design that fit unobtrusively on top or under worksurfaces. These units can either be mounted using a traditional edge clamp bracket for a damage-free install or can be secured more permanently with wood screws in an undermount or upmount orientation.

Additional information can be found on the Global [website](#).

Shown in White (top) and Magnesium (bottom).

Features and options

Magnesium

White

Connectors are touch safe and the built-in safety latch prevents unintended separation

Units are configured with 3 tamper resistant receptacles, 1 USB-A, 1 USB-C charging ports and circuit breaker

Cable management clips

ModPower interconnecting jumper adds 3' cord length between in-surface and on-surface units

Compliance
