

G7 monitor arms

Optimize your workspace

Small workspaces do not need to feel small, they just need to be more efficient. G7 monitor arms maximize workspace space while increasing productivity. Double jointed arms easily tilt, swivel and pan to reduce neck and eye strain to create the ultimate ergonomic workstation. Integrated wire management keeps cords out of the way, while freeing up valuable desk space.

Single and double monitor arms shown in Tungsten. Sora seating, Foli height adjustable tables and G series mobile pedestals shown.

A closer look

Quick connect option is standard with hole patterns to meet VESA standards

Built-in swivel allows for landscape or portrait rotation
