

ACOUSTIC POD

priva

Enjoy a private moment

Priva™ acoustic pods provide a place for personal privacy, focus and online collaboration, away from the commotion of the open office. Integrated ventilation (55 cubic feet per minute) and low-voltage LED lighting are motion-sensor activated to reduce energy consumption while providing a comfortable environment for short or longer stays. The tempered glass entrance door, in combination with an optional glass back panel, reduces the sense of confinement.

Left, exterior shown in Noce Medio with Designer White laminate interior and Silver anodized handle/hinges. Right, exterior shown in Noce Medio with PET Felt, Mist interior and Black handle/hinges.

A closer look

Two fans and sprinkler punch out located at the top of unit

Designer White laminate pod ceiling

Optional glass (POD1G) or laminate (shown, POD1L) back panel

¾" thermally fused laminate exterior

Door: 32"w x 88"h, 10mm tempered glass

Magnetic closure

Slim, modern design with rounded corners

Floor ventilation

Interior carpet flooring is comprised of eco-friendly nylon fiber, solution dyed with a polypropylene backing

Ceiling ventilation - airflow specifications: CFM 55

LED light circuit

Noise Insulation Class (NIC) rating of 36

Speech Transmission Index (STI) of .07

Optional PET cladding (recommended for greater acoustic properties)

Occupancy sensor (light, interior air flow), power + connectivity panel

Fixed shelf: 24"w x 8"d x 40"h

Exterior: 44"w x 38"d x 88"h
Interior: 36"w x 36"d x 80"h

Internal frame is comprised of 14-gauge steel beams

Mechanical fasteners to affix the pod to the floor are available (not shown)

Additional information can be found on the Global [website](#).

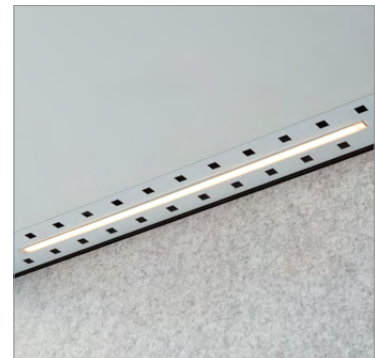

It's in the details

Private pods provide a refuge for users with plenty of air flow and plug-n-play capability

Two AC outlets and two charging USB-A ports coupled with an occupancy sensor controlling two 12V DC fans and an LED light, ensure comfort in even the smallest of enclosed spaces (laminated touch-down shelf is standard in Designer White)

LED light and ceiling ventilation

A laptop shelf, two AC outlets and two USB-A charging ports support today's electronic and communication devices. Priva's exterior can be specified in many Global laminate finishes to coordinate with other furnishings. The interior can be finished in laminate or PET Felt for industry-leading sound absorption. Hinge and handle trim is available in either Black or anodized Silver. Special retractable casters make it easy to relocate the unit while mechanical fasteners are available if floor fixing is preferred.

More about Priva

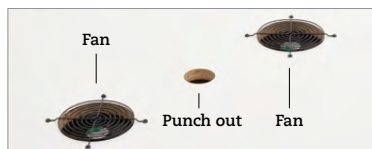

Features

Interior is available clad in laminate (left) or PET Felt (right)

Extruded aluminum corners

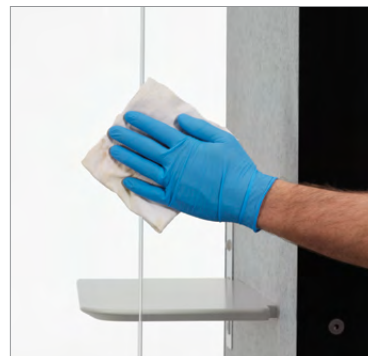

Exterior fans are connected to interior floor and ceiling ventilation, punch out for sprinkler systems (where required)

Flooring lifts upward for easy access

Cleaning

Easy clean, high touch surfaces

Handle and hinge finishes

Silver Anodized

Black

Glide and casters

Special casters allow the acoustic pod to be easily positioned (once in place, the caster retracts allowing the leveling glide to keep the pod in its proper position)
