Personalize your space

From the office to the boardroom and everything in between, Zira™ will create an impression from the moment you walk through the front door. Zira is a complete workplace solution rooted in tradition with contemporary appeal.

Integrated wall panels and floating shelf elements add a custom millwork look to any space without the additional cost.

Create a look that reflects your style

Zira has a wide range of models and options that can provide a traditional or contemporary appearance and layout. Height adjustable worksurfaces for sit-stand applications are integrated into the casework, blending seamlessly with a wide range of open and closed storage solutions. Zira can accommodate any working style.

Showcase the executive office

For executive offices and management applications, create an environment that reflects both style and function. Select from a range of classic and current laminate finish combinations that can tower up to 84" high. Extensive options are available to personalize your workspace.

Integrated height adjustable capabilities provide a clean visual while allowing for sit-to-stand movement throughout the day.

Additional information can be found on the Global [website](#).

Define your place, work together

Shared workplace configurations are a great way to use Zira wall panels, floating shelves and storage elements. Use the storage elements to define and personalize individual space while supporting collaboration between team members with an efficient footprint.

Ideal for sharing spaces and ideas

Zira offers hundreds of mix and match components to meet any design specification. Components can be freestanding for single workstation configurations, or brought together to form multiple work groups.

Working the room

Zira boardroom and collaborative tables support both working and formal meetings of up to 24 people. Top shapes include rectangular, square, racetrack, bow-end and wedge (shown) for media room applications and virtual meetings involving large groups of people.

Table surfaces ranging from 36" to 288" wide are supported by one to four bases. Each base features wire access doors on both sides for easy cable management. Multiple styles and formats of power blocks (duplex, USB, data) are available.

Bring people and technology together

Collaborative thinking requires collaborative spaces. Zira offers a wide range of tables and accessories that promote this modern approach to office life. Café and bar height options create an airy, open feel. Easy access bases provide channels for wires to power your meeting.
