## A tradition of quality

Craftsmanship and elegance characterize Philadelphia. Solid wood edge detailing extends beyond the gables with solid wood moldings on the cases, and brass hardware throughout. We carefully select only the finest North American hardwoods ensuring the best quality and consistency is achieved. Each piece is then protected with a clear catalyzed varnish to provide one of the most durable finishes in the industry. Though traditional in style, Philadelphia is available in a comprehensive range of components to suit the most modern work styles.
