# prime storage | product specification

## Lateral File Cabinet Features

- Two through six drawer configurations available:
  - Fixed front drawers
  - Receding doors with roll-out shelves (available for fourth, fifth or sixth drawer from the floor)
  - Box/File laterals have a half-height upper drawer
- File drawer sizes can be configured for storing letter, legal or A4 size files using front-to-back or side-to-side hanging file bars
- Side-to-side hanging file bars included
- Full width integral pull
- Anti-bounceback safety feature
- Interlock prevents more than one drawer from being opened at once

MODELS: GULF51\_####P, GULF61\_####P

- Fully retractable posting shelf is available in five and six high models. Posting shelf will always be placed below the second opening on a five drawer cabinet or below the third opening on a six drawer cabinet

## Storage Cabinet Features

- Two to six high storage cabinets. Each cabinet includes adjustable shelves, except the fixed bottom which acts as one shelf
- Two full overlay hinged doors. 110° maximum opening angle
- Full height integral pulls

## Combination Cabinet Features

- Upper section is a two-high hinged door storage cabinet with one adjustable shelf included. Same features as Storage Cabinets, listed above
- Lower section has two or three lateral file drawers. Same features as Lateral Files, listed above
- Combination cabinets have two locks: one for doors and one for drawers, as standard, with two keys each

## Options

- 25 standard paint finishes available. Five textured paint finishes available
- Locks can be keyed alike or given specific keying, on request
- Additional extra keys are available (sets of two)
- Counterweights are optional, but required for all freestanding applications
- Lateral file drawer accessories:
  - Front-to-back hanging file bars (for fixed front drawers) are available (sold separately)
  - Full and half height plate dividers are available (sold separately)
  - Side adapters raise the sides of binder height drawers to accommodate EDP "2" point suspension printout style binders (sold separately)
- Additional adjustable shelves (slotted or non-slotted) are available for storage cabinets and combination cabinets (sold separately)
- Laminate file tops are available (sold separately). Tops are 18 in (457 mm) deep, and available in width from 30 in (762 mm) to 120 in (3048 mm)

MODELS: GUL\_##\_####P, GUCC##\_####P

- Individual locks can be specified for each drawer (Not available for models with more than one receding door with roll-out shelf)

## Construction

- Steel construction, 18-22 gauge
- MODELS: GUL\_##\_####P, GUCC##\_####P
- Double wall construction on all drawer fronts
- MODELS: GUL\_##\_####P
- Additional horizontal reinforcement on five and six high laterals

## Ordering/Installation

- Individually packaged
- Shipped fully assembled
- Counterweights must be factory installed. Specify at time of order. Counterweights are recommended for all freestanding products that are not secured by some other method
