Features

- Steel body lockers with metal or laminate doors
- Configurations include units with 1, 2, 3, 4, 6, 8, 9 or 12 individual compartments depending on size
- Highly customizable for open office plans, staff rooms or personal workspaces
- Can be used to define space as barriers between workspaces or help guide the flow of foot traffic
- Cases and metal doors are fully finished in environmentally friendly dry epoxy power coat solution for a durable and long lasting finish
- Full overlay hinged doors. 110° maximum opening angle
- Cam locks are included as standard. Hasp lock option available for user supplied padlocks. Digital locks are also available for keypad entry; locks can be set for shared or assigned applications
- Standard with leveling glides. Levelers can be accessed from the inside of the interior of the cabinet

Included Interior Accessories (in One High Lockers)

MODELS: GUTSS1##S##_, GUT_SF1##S##_

- 35 in high: One center fixed shelf
- 40 in high: One coat hook
- 54 in high: One coat hook and adjustable shelf
- 66 in high: One hook and two adjustable shelves

Included Interior Accessories (in Two High Lockers)

MODELS: GUTSS2##S##_, GUT_SF2##S##_

- 54, 66 and 72 in high: Each compartment has one fixed shelf

Included Interior Accessories (in Three High Lockers)

MODELS: GUTSS272S##_, GUT_SF372S##_

- 72 in high: Each compartment has one fixed shelf

Options

- Door front options:
 - Metal door with full height integral pull (models ending with "P")
 - Flat metal door with optional handles (models ending with "M")
 - Laminate front door with optional handles (models ending with "L"). 24 standard laminate finishes available
 - Lockers can be specified with hinges on the left or right side of the door(s). The second last character in the model number will be "L" or "R" indicating left or right hinges, respectively
 - 25 standard paint finishes available for cases and metal doors. Five textured paint finishes are also available
 - Cam locks are random key assignment or available with specific keying, on request
 - Additional extra keys for cam locks are available (sets of two)
 - Standard cam and key locks can be replaced with digital locks. Digital locks have a keypad for keyless entry. Separate manager keys and programming keys are required (sold separately) to program and manage facility's locks. Digital locks include an ADA compliant handle
 - Angled tops can be added to the top of any size locker to give it a sloped top. Slope height: from 0 to 5 in (0-127 mm)
 - Wayfinding numbers are available: high performance self-adhesive vinyl. Sold separately in sets of 50
- MODELS: GUT_S####_##_M, GUT_S####_##_L
- 12 handle options available
 - Hasp locks can be specified (with no handle)
- MODELS: GUT_S####_##_P, GUT_S####_##_M
- Ventilation holes can be specified for lockers with metal doors. Options:
 - None
 - Upper position on door front
 - Lower position on door front
 - Both upper and lower positions on door front
