# Ottomans

## Ottomans

A playful series of modular benches, Ottomans are ideal for collaborative and community spaces in workplace and education environments. Create lively, relaxed layouts with a variety of shapes and sizes in two seat heights. Available with glides or casters, Ottomans responds as quickly as the day unfolds.

Ottomans shown in LUUM Spectral Array, Red Nucleus with Black legs. River+ tables shown.

Drift™ seating encourages people to come together. Swivel and caster base models provide an elegant solution for compact meeting rooms, casual workspaces, remote offices and hospitality settings. The ease of movement allows people to quickly tilt or roll their chairs, fostering teamwork and interaction.

Drift seating shown in LUUM Schema, Mirror Stage; LUUM Macrotweed, Lode; LUUM Heather Tech, Crag Tech, arm patches in Release, Black; LUUM Ecotone, Abyss, arm patches in Release, Black; with polished aluminum bases.

## Collaborative Spaces

Collaborative Spaces shown with Silver frames and Blizzard worksurfaces. Team carts shown with Silver frames and Noce Leggero surfaces. Drift seating shown in LUUM Milieu, Muster and Shoal with Chrome bases. Noetic seating shown in LUUM Milieu, Shoal with Digital Mesh, Chalk back and Fog frame. Softpod shown.

## Collaborative Spaces

Bring people together. Collaborative Spaces™ fosters teamwork through adaptable environments that can transform at a moment's notice or evolve over time. Optimize existing spaces with individual pieces or create new ones with the full range of mobile team carts, work tables and accessories. Scale up, scale down, create a space for the way you work.

Collaborative Spaces shown with Designer White frames and Blizzard worksurfaces. Team carts shown with Designer White frames and Sheer Beauty surfaces. SAs seating shown in Designtex Loop-to-Loop, Canyon with Maple shells and Chrome frames.

## Evolve Structures

Combine Collaborative Spaces with Evolve® Structures to create microenvironments or semi-private hubs within open plan settings. Set the scene with workshop and collaboration tables for engaging conversations or occasional tables for more casual hangouts.

Evolve Structures shown with Silver frame, Noce Leggero surfaces and PET Felt, Denim. Drift seating shown in Mayer Curator, Ink, arm patches in Release, Navy with Maple bases. Collaborative Spaces team cart shown.

## Collingwood

Collingwood™ is a finely tailored club chair with a transitional style that complements a range of modern and traditional interiors. The series includes low back and high back models, with square tapered legs in a range of wood and urethane finishes. A fully integrated clean out, optional sealed seams and moisture barrier support healthcare applications.

Collingwood seating shown in Architex Flow, Oyster with Noce Leggero wood legs; Mayer Scout, Anchor with Kalua urethane legs; and Mayer Gatsby, Fawn with Mink seat and Sandy Beach wood legs.

# Willow

Designed in collaboration with patients and healthcare professionals, Willow™ sets a new benchmark in healthcare seating. The chair's welcoming form and thoughtful detailing make it ideal for waiting areas and patient spaces. An extensive range of models, finishes and upholstery options support modular and stand-alone applications.

Willow seating shown in LDI Debut Tuft, Glow backs and seats with Sand frames. Tables shown with Noce Leggero tops and Sand legs.

Willow's welcoming aesthetic extends beyond patient settings. The waterfall arm option offers an elegant and versatile solution for meeting rooms, common areas, hospitality venues and learning spaces. When minutes turn into hours, the chair's ergonomically contoured seat and back provide lasting comfort.

Left: Willow seating shown in Momentum Sina Pearson Fragments, Gesso seats with Cloud polypropylene backs and Brushed Chrome frames. Swap tables, Collaborative Spaces media cart and River Personal Harbor seating shown.

Above: Willow seating shown in LUUM Macrotweed, White Ash backs and seats with Black frames. Swap table shown.

## GC Vitrola

GC Vitrola™ is a tailored, transitional reflection on the 19<sup>th</sup> century French Empire style. Its simplified geometry and proportions make it the right fit for social settings, resident rooms and lounge areas. The seating series includes low and high back models with tapered legs in a variety of wood finishes.

GC Vitrola seating shown in Mayer Function, Almond with Beige Tempest armcaps and Latte legs. Calidon tables shown with Designer White tops. Pillows shown in LUUM Milieu, Bazaar and Momentum Parachute, Sierra.

# Erin

From boutique hotels to wellness resorts, the rich experiences created for the hospitality industry are moving into the places where we work, learn and heal. Erin™ seating supports this changing landscape, transcending conventional boundaries of work and play with options to accommodate a diverse range of people and interior applications.

Erin seating shown in Mayer Gatsby, Aegean back and Citron seat with Chrome legs; Tangelo back and seat with Medium Walnut legs; Plum back and Light Grey seat with Medium Walnut legs; and Citron back and seat with Satin Brass legs.

# Noetic

# Noetic

A thoughtful ergonomic task chair, Noetic™ responds to the varied nature of today's workplace by adapting to an individual's posture, movement and how they work. Designed by Studio Black Box, Noetic's sleek profile and contemporary look complement a range of formal and casual environments, including assigned, touchdown and co-working spaces.

Noetic seating shown in LUUM Megacheck, Glitch seats with Dimension Mesh, Fog backs and Fog frames. Bridges II and Softpod shown.

# Softpod

Softpod™ responds to the changing landscape of today's workplace, providing an alternative to conventional workstations and cubicles. As an adjunct to collaborative and community spaces, Softpod supports activities that require individual focus and engagement.

Softpod shown in PET Felt, Shamrock, Mist with Designer White worksurfaces and storage. Noetic seating shown.

# Rebound

Form follows comfort in Rebound™, an innovative multi-purpose chair featuring a patented flex back that provides an unexpected level of support. Designed by Alessandro Piretti, this versatile chair facilitates unrestricted back movement, and encourages focus and engagement.

Rebound seating shown with Sand shell and Chrome frame; Frost shell and frame; in LUUM Heather Tech, Loam Tech seat with Cloud shell and frame; and in LUUM Heather Tech, Loam Tech seat with Shadow shell and Chrome frame on casters.

## Factor

Factor™ seating expands with the addition of a guest chair. Complementing the highly popular task models, the guest chair features the same picture frame back design and finishes as the task chair. When specified with casters, the guest chair is a versatile pull-up option in multi-purpose applications.

Factor seating shown in LUUM Milieu, Flamboyance seat with Pumpkin mesh back and Cloud frame; LUUM Milieu, Stream seat with Silver Grey mesh back and Cloud frame; and LUUM Soft Static, Waterfall seats with Silver Grey Mesh backs and Black frames.
