

QUICK SHIP compile

create a range of workstations in just 10 days!

The Compile Quick Ship program offers a carefully curated collection of pieces that deliver maximum functionality and value. They are easy to specify and install + ship within 10 business days.

Compile workstations are a flexible solution for your interior to accommodate a range of footprints. Ideal for workplace, education and healthcare environments, they can create a range of planning applications in a curated palette of textiles and finishes.

program snapshot

quick ship lead times

Orders will be manufactured and shipped 10 business days* after receipt of complete order. This excludes shipping and delivery which vary based on location. All orders will be processed the next business day. No exceptions.

order changes + cancellations

Once an order has been placed, it cannot be changed or canceled. No exceptions. No returns.

order limits

The maximum Compile Quick Ship order limit is \$150,000 list or 40 workstations. Orders exceeding this criteria are subject to standard lead times.

ordering process

- orders must be placed electronically
– a PDF file will not be accepted
- Compile Quick Ship orders must be ordered separately from non-Compile Quick Ship orders
- purchase orders must be tagged “Quick Ship” and the subject line must clearly indicate “Quick Ship”
- end user name and installation address must be included on the orders

**15 business days if ordered through Global Express for consolidation*
