

EVOLVE pergola

global

Make room for change

Introducing Evolve® Pergola, a great addition to the top of any combination of Evolve panels to create semi-private hubs or workshops. With a wide variety of configurations available, create your desired space with a nearly endless array of planning options.

Evolve Pergola shown in PET Felt, Mist. Evolve panels shown in Aurora, Cloud and Seal with Designer White frame. Factor, Moda, Citi Square and River+ seating shown. Swap tables, FreeFit casegoods and River+ Media Hearth shown.

An unobstructed view

- Evolve Pergola is constructed of acoustical PET Felt with slats running 6" apart to allow for access to lighting, air flow and fire suppression from the ceiling
- Panel heights can vary to accommodate a wide variety of ceiling heights, starting as low as 84" h with the ability to stack over 16 feet high
- Single Evolve Pergola structures can range from 4' x 5' up to 10' x 12' and could have multiple structures added to larger rooms with additional support beams at the top of the panels
- PET Felt components are available in all Global PET Felt colors
- More than one color can be specified on the outer skirt and/or inner structure of each Evolve Pergola unit

Additional information can be found on the Global [website](#).

A space within a space
