A place to focus and engage

Softpod™ responds to the changing landscape of today's workplace, providing an alternative to conventional workstations and cubicles. As an adjunct to collaborative and community spaces, Softpod supports activities that require individual focus and engagement.

Softpod facilitates hybrid schedules that require unassigned workspaces as people move between the office and home. On its own or as a cluster of pods, Softpod supports flexibility within an open plan office.

Flexible planning

Two, three, four and five-divider pods provide varying degrees of privacy. The 120° footprint supports clusters of one or more pods in a layout. Integrated wiring solutions for individual and multiple pods deliver power and data above and below the worksurface.

Sitting or standing

Touchdown

Around column

Cluster of 2 Softpods

Cluster of 4 Softpods

3-divider pod - 72"W x 30"D x 54"H

Standard worksurface

The 3-divider pod with a height adjustable table (HAT) delivers a sit-stand range from 22.5" to 48.9", from the top of the worksurface to the floor. An optional PET Felt extension panel can be added to the back of the worksurface to provide additional privacy in the standing position. The HAT power solution creates new planning opportunities for end-to-end pod connections.

4-divider pod

4-divider pod - 72"W x 65"D x 54"H

Standard worksurface (left and right)

Wraparound worksurface (left and right)

Softpod shown in PET Felt, Shamrock and Mist, with worksurface in Noce Medio and storage in Designer White. Noetic seating shown.

Settle in

Cluster of 3 Softpods

Cluster of 4 Softpods

Softpod offers casual storage and accessory options to meet an individual's daily needs. Bag and coat hooks, undersurface storage, whiteboards and shelves keep personal items in sight and within reach. PET Felt extension panels provide additional privacy. Four and five-divider pods support a wraparound worksurface option.

5-divider pod

5-divider pod - 72"W x 65"D x 54"H
Standard worksurface (left, right and center)

Wraparound worksurface (left and right)

Softpod shown in PET Felt, Mist, with worksurface and storage in Designer White. Noetic seating shown.

Cluster of 3 Softpods

Cluster of 4 Softpods

Softpod panels are constructed of two layers of 50% recycled PET felt bonded to a slim internal aluminum framework; both are 100% recyclable. PET felt has inherent acoustical properties to benefit not only the individual within the pod but also others in the surrounding environment.

Additional information can be found on the Global [website](#).

Compact and mobile

The 2-divider pod (shown) has a compact footprint with an ample worksurface, integrated power and charging for mobile devices at the desktop, and the option of lockable casters for easy relocation.

2-divider pod - 49"W x 30"D x 54"H

A place to meet

Softpod layouts utilizing 6-dividers and 7-dividers can be configured to provide meeting or lounge spaces with power support for monitors and mobile charging.

A place to meet

Worksurfaces accommodate 2-4 people. Optional PET Felt or corner semi-transparent extension panels provide additional privacy. Additional features such as hanging shelves, coat and bag hooks, and nameplates are available for all pod configurations.
