# Designed for comfort

High flex back armchair  
(20" seat height)

Low fixed back armchair

Curved low flex back armchair, sled base

Adeline™ chairs are an ideal solution for patient room, ambulatory care and emergency area applications. High density Ultracell foam cushions offer long life and comfort when sitting for extended periods. An environmentally friendly powder coated steel frame

provides durability and strength. Adeline is available with either a fixed back or a flexible back designed to provide a soothing rocking motion. Self-skinned urethane (SSU) armcaps have a comfortable grip for ease of entry and exit.

## Features

Flex back models offer a safe soothing rocking motion, with no pinch points

Oval tube steel frame, available in all Globalcare finishes

Self-skinned urethane (SSU) armcaps offer a stable comfortable grip, available in all Globalcare finishes

The powder coated steel frame is strong and durable
