

calidon

Comfort and warmth

Calidon™ seating and occasional tables share a distinctly modern appearance. With well-balanced and full-frame, solid hardwood construction, Calidon is a versatile solution combining comfort, style and durability for years to come.

Fully upholstered lounge models are available with optional integrated power and USB charging for easy access in either front or side locations. Guest and lounge seating feature an integrated clean out design to support housekeeping protocols for workplace, hospitality and healthcare environments. Designed by Andrew Gower.

A welcomed guest

Calidon guest seating is offered in freestanding single and multiple seat models that can be connected and configured into linear or 90° layouts with side and corner tables. Lounge models are available with wood or fully upholstered arms.

End tables and linking tables can be specified with optional integrated power and USB charging. Guest seating models are available with protective and replaceable urethane or solid surface armcaps.

Lasting value

Calidon single seats support active weight up to 400 lbs. and bariatric single seats support up to 600 lbs. Optional moisture barrier and sealed seams are available. Matching wood frame occasional and linking tables are available with laminate or solid surface tops.

End tables at arm height

Square end table

Rectangular end table

Freestanding 23" height end tables expand the Calidon series, providing a more accessible surface for people in senior living and long-term care environments.
