GC4162

Desmond wood armchair.

GC4162 Back view.

GC4165

Desmond wood side chair.

Desmond seating is an excellent choice for any room with transitional or contemporary décor. Its clean lines and 'picture frame' back design will appeal to a broad range of tastes. Desmond's back contours provide firm support to the body

for outstanding comfort. The frame, made from European Beech hardwood, is enhanced with soft curves on the arms and legs. An additional brace on the lower frame reinforces structural support.

Desmond contoured picture frame style back.

Desmond arm with grip extension.

Desmond additional support rails increase strength.

Front casters models are available to assist caregivers in moving the chair.
