

G20

G20 – Technically superb

'Live' mesh is created from a woven web of elastomeric and ribbed yarns.

Designed by ITO Design (Germany), G20™ brings harmony between form and function. Cast aluminum and highly tooled nylon bring out delicate edge details and create a sharp profile.

Seating shown in Black mesh with seat in Greenhides Lena, Pewter.

Fixed for comfort

The optional fixed aluminum C arm is ideal for the modern meeting environment.

Seating shown in Black mesh with seat in Prescott Leather, Black Ink.

Whether you lean back to swipe a tablet, or move forward to review project details, each task requires a different posture. A four-position synchro-tilter control makes seat and tilt adjustments simple, with control levers at fingertip level. G20's unique lumbar tension system adjusts to pressure and body shape ensuring comfortable back support.

Additional information can be found on the Global [website](#).
