## The beauty of solid wood

Upholstered back

Horizontal wood slat back

The GC Islands™ frame is constructed of high quality European beechwood, and is protected with an environmentally friendly urethane top coat. It's 300 lb. active weight rating and elegantly curved arms make it easy for guests to sit and stand with confidence. Perfect for a wide range of multi-purpose uses such as lounges, dining and resident rooms; GC Islands comes in two back frame options and is available in a wide selection of standard Global wood finishes.

Additional information can be found on the Global [website](#).
