

include

Include brings everyone to the table in style

Include™ features a kinetic, synchro-tilter mechanism that automatically adjusts to a person's weight, providing a fluid motion with the correct tension and balance. Include's sleek profile and contemporary appearance make this seating series well suited for boardrooms, meeting rooms and executive offices.

The ergonomic back incorporates an articulating internal lumbar and support structure for lasting comfort. The polished aluminum cantilever arm features a flush integrated armcap in Black, Kalua or Shadow. Height and width adjustable arms can be specified. Mid back and high back models are available with or without arms.

Great tech, refined design

Include task models offer a 4" height and 1.5" width adjustable T-arm on mid back and high back models. The comfortable Black urethane armcap is depth adjustable and pivots 30° in either direction to support the user's posture and preference.

Seating shown in CTL Prescott Leather, Black Ink with polished aluminum base.

Outstanding comfort

The molded foam seat features a waterfall front edge to ensure comfort and reduce pressure points when sitting for extended periods of time. The underside structure is fully finished and designed to enhance the chair's refined profile. Task models include seat depth adjustment.

Additional information can be found on the Global [website](#).

Models and arm options

High back with fixed arms

High back with height and width adjustable arms

High back, armless

Mid back with fixed arms

Mid back with height and width adjustable arms

Mid back, armless

The 4" gas cylinder adjusts the seat height between 17" and 21", while maintaining a maximum arm height of 27" (cantilever arms) to clear the underside of table surfaces. The chair base is offered in Black nylon or polished aluminum (optional) to coordinate with the polished aluminum fixed height cantilever arms and the upright details of the adjustable height arms.

Top: Seating shown in CTL Prescott Leather, Black Ink with polished aluminum base. Hard floor casters shown.
Bottom: Seating shown in DesignTex Boucle Houndstooth, Pacific and CTL Prescott Leather, Soul White with polished aluminum and Black bases.
