

SEATING pedestal

global

A place for everyone

A place for everyone and everyone in their place. Many interior applications require fixed location seating for efficiency and to maintain an orderly environment — including courtrooms, lecture halls, food courts, arenas, administrative offices and airports. Pedestal seating also keeps passage and egress routes clear in public spaces where security and safety requirements are a concern.

One base, multiple styles

Global Accord pedestal seating

Synopsis pedestal seating

Luray pedestal seating

Vion pedestal seating

Duet pedestal seating

Novello pedestal seating

Global offers a range of seating series with features designed for function, durability, comfort and style to meet the needs of many applications. All pedestal bases feature 2" pneumatic height adjustment with a cylinder return to maximum height. Choose from swivel, self-centering swivel and non-swivel options. Additional features are specific to each seating series.

Additional information can be found on the Global [website](#).

A focused approach

Engaging the audience is fundamental to successful learning outcomes. In auditorium and lecture halls, fixed seating helps minimize distractions. Self-centering swivel options support the flow of people moving in and out of the room, maintaining the seating layouts, occupancy protocols and an orderly appearance.

Checking all the boxes

Duet with upholstered seat, right hand tablet arm

Duet pedestal seating series includes a model with both right and left handed tablets. These models offer a convenient surface for taking notes and filling out forms in learning spaces or government offices where customers may need to complete forms or documents on location. Tablet arms are hinged and flip-up to provide easy access.

Additional information can be found on the Global [website](#).

A closer look

Choose the series that best meets your facility and user needs (Global Accord shown). For increased comfort, select a series offering upholstered seats. For the greatest durability, select a polypropylene pedestal seating series

A range of seating options include mesh, upholstered and polypropylene back styles
