

SLEEPER
primacare

healthcare

A comfortable place to rest

The Primacare™ Sleeper provides an accommodating space to recharge for attending family or friends during extended visits and is ideal for hospital, residence or lounge rooms where space is limited.

Seating armcaps and legs shown in Mahogany.

Primacare double sleeper chair

Primacare single sleeper chair

The Primacare Sleeper is easily opened and closed by one person. Grip assist arms help with getting in and out of the sleeper chair safely. The cushions have been styled from durable and comfortable high density Ultracell foam with built-in head support in the sleeping position. Sleeper requires zero wall clearance when opening.

The series includes both single and double seat units. The reclining position on either side of the double unit can be set independently for maximum flexibility.

Features

Wood armcaps - available in all Global healthcare wood finishes

Models are standard with 3" dual wheel Black hard surface casters

Two easy-to-reach straps on the back help return the sleeping platform to a sitting position

Urethane armcaps - available in all Global healthcare urethane finishes

Wood legs - available in all Global healthcare wood finishes

Storage - ventilated storage compartments below seat cushions
