healthcare

A closer look

24" wide x 77" long sleeping surface

Armcaps available in wood or urethane
Armcaps fastened with metal-to-metal connectors allowing for field replacement

Clean out space between seat and back cushions for easy housekeeping and infection prevention control

Supports up to 350 lbs.

Pull strap allows one person to open easily

Upholstery covers offer a seamless waterfall front to prevent breakdown of seams or pressure on back of leg

Front casters are non-swivel manual locking

Back casters are non-locking and swivel for better steering when moving the chair

Sit, relax or rest in comfort on the Sleep-Eez™ compact sleeper chair. Easily operated by one person, Sleep-Eez can be used as a chair, a chaise lounge or a bed. The sleeper chair extends into a generous 24" by 77" sleeping surface without requiring additional wall clearance. Sleep-Eez is

easy to reposition with two non-swivel manual locking casters on the front and two swivel non-locking casters on the back for better steering when moving the chair. Available with solid wood or urethane armcaps in all standard Globalcare finishes.

Please visit globalfurnituregroup.com for additional product information including industry and environmental certifications.
Seating shown in ArcCom Odyssey, Beach with solid wood armcaps in Winter Cherry.
