

healthcare

Strand™ delivers when durability, performance and flexibility require an affordable solution.

Strand™ is an attractive, versatile and affordable seating series that can be used in both Acute Care and Long Term Care applications, including Patient Rooms, Day Rooms, Waiting Areas and Public Spaces. Current housekeeping and infection control practices are reflected in the all-metal frame construction, ample clean out space, removable and field replaceable cushions and urethane armcaps. Optional 'sealed' seams on upholstery are available for extreme applications.

Above: Upholstery in Momentum, Strada (Voyage 09108856). Frames in Platinum (PLT). Armcaps in Sandy Beach (SBM). Table Laminate in Harvest Oak (HVO).

Cover: Seat Upholstery in Mayer, Guardian (Doeskin GU-007) and Back Upholstery in Mayer, Guardian (Regatta GU-014). Frames in Platinum (PLT). Armcaps in Black (BLK). Table Laminate in Constellation Vanilla (CSV).

Strand is a robust and reliable product that is warranted for up to 350lbs. of active weight per seat and 750lbs. for bariatric models. Strand is also available in 'flexback' models that incorporate a torsion control mechanism to provide a soothing, rocking motion. A split back patient chair provides access for caregivers to safely support users requiring assistance when getting in or out of a chair.
