DIVIDE™

Divide is a modular desk mounted panel system that can be retro-installed on many Global desks. The panels can be vertically stacked to provide varying degrees of privacy. The panels are available in laminate or fabric tackboards as well as glazed panels that allow light to pass through. Divide's off-desk accessories help to organize paperwork and free up the workspace. Divide is offered in many laminate and fabric color options to complement any office environment.

- Easy to specify: choose the desired panel height and width and its corresponding height divide post(s).
- A built-in paper management rail (on fabric and glazed panels) is designed to accommodate off-desk accessories for workspace organization.
- Laminate panels offer an optional wire access cut-out at the bottom of each panel (order as SCP2).
- Laminate transaction tops are offered in various shapes and sizes, and are standard as either 1" thick or 1.5" thick to match.
