STANDARD FEATURES

- A transitional soft seating series composed of one, two and three seat units. The series also offers tables with coordinating details and finishes.
- Frame is heavy duty, interlocking plywood, puzzle box construction suitable for public environments.
- The leg system utilizes a continuous visible frame between the front and rear leg. Each leg frame is bolted directly to the sofa frame, creating a very durable product.
- Legs are equipped with translucent non marking glides as standard. Suitable for both carpet and hard surface flooring.
- Seating units feature a decorative double stitch detail, which makes seams lay flat and adds extra seam strength.
- Cushions are highly resilient foam and seats are equipped with a synthetic rubberized sheet webbing suspension system for extra comfort. Cushions are fixed and non-removable.
- Tables are made with a choice of tops: genuine wood tops (**W**) with a reverse beveled edge, thermally fused laminate tops (**LP**) with matching PVC edging or high pressure laminate top (**HP**) with matching PVC edging. Custom high pressure laminate finishes will be considered upon request.
- Regardless of top chosen, all tables have wood aprons and a unique tapered leg design.
- Some table assembly is required, see RTA code with each item below.
- Upholstery options: fabric, vinyl or leather. Vinyl and leather models may feature stitch detail across the seat and/or back cushions, if applicable. If a two-tone fabric or a fabric/leather combination is required please fill in a fabric combination sketch showing where each fabric is to be applied. Please contact Customer Service.

OPTIONAL FEATURES

- For piping made in fabric matching the rest of the upholstery, please use matching piping models, (**MP**) after the model number. No upcharge.
- For piping made in a fabric that does not match the rest of the upholstery, you can specify any grade 1 or 2 upholstery material. Please see model numbers ending in (**CP**) which reflect the appropriate upcharge.
- Contrast piping fabric in a grade higher than 2 requires a special quotation. Unit price will vary depending on the number of units being ordered.
- Seating units and tables come with a choice of wood legs or polished cast aluminum legs. The table leg finishes coordinate with the legs on the soft seating units; finish must be specified.

RIVER

Sample Layout

Sample Layout

STANDARD FEATURES

- A seating series that is composed of modular units in straight, curved and corner sections, as well as freestanding units. Soft seating models are available with standard height, high and extended high backs. Linking units can be used together in any combination to create a wide variety of layouts.
- Armless units can be ganged together with a quick connect, disconnect feature. Ganging hardware is standard and is factory installed. Ganging hardware swivels out of sight when not in use.
- Front edge of the seat angles slightly inward, so feet have freedom of movement and don't rub on the seat. This inward slant matches the inward angles of the back. Benches and connecting end tables also reflect the inward angles on the front and back faces, so all units coordinate in visual appearance.
- The unique tapered legs are made of welded steel, with each leg bolted directly to the unit frame. All units except for the laptop tables have the same leg height of 6.5". The leg height makes it easier to clean under the product.
- Legs are standard in Chrome with Black nylon non-marking height adjustable glides.
- All cushions are fixed and non-removable. Perimeter seams feature a decorative single stitch detail, which makes seams lay flat and adds extra seam strength.
- Seating frames are heavy duty with interlocking plywood, puzzle box construction, and are made for active environments. Seats are high density with highly resilient foam.
- Personal Harbor high traffic units are rated at 350 lbs., suitable for 24/7 use and should be specified in textiles that meet or exceed 100,000 double rubs (for the fabric portion of the warranty to apply). These units have the same puzzle box frame construction as other River models except the framing wood is 1" thick, rotary cut, birch plywood.
- Upholstery options: fabric, vinyl or leather. Leather only recommended on seat and may feature a horizontal stitch detail.

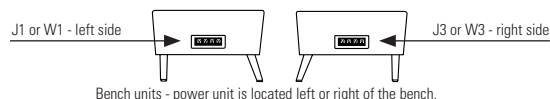

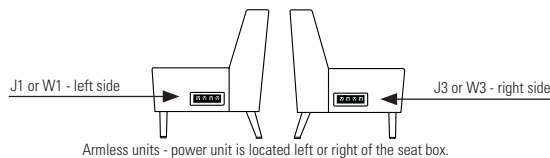

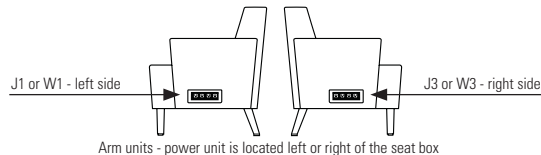

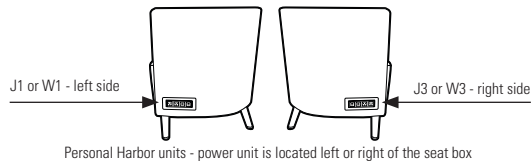

OPTIONAL FEATURES

- Most tables and seating units (except round benches) can be specified with power/USB units, which include two power outlets, two double USB terminals and a Black 5" three-prong power cord. Each power/USB unit is set in predetermined locations, as shown in the electrical illustrations below. Electrical units must be factory installed.
- Power/USB units are available with either Jet Black (J) face plate with Black power/USB receptacles or with a White (W) face plate with White power/USB receptacles.
- To add a power/USB unit, please specify (J1), (W1), (J2), (W2), (J3), (W3), (J4), (W4), (J6) or (W6) after the product model number. Please note on seating units, if both right and left locations are required, add both (J1/J3) or (W1/W3) to the model number. Add \$729 each.
- Tables are made with high pressure laminate and are offered in the following finishes: Absolute Acajou (ACJ), Asian Night (ASN), Avant Cherry (AWC), Avant Honey (AWH), Blizzard (BZD), Clear Maple (CMB), Custom Grey (CGY), Dark Espresso (DES), Designer White (DWT), Stonedust (SDT), Walnut Heights (WHE), White Chocolate (WHC) and Winter Cherry (WCR). Please specify. Custom high pressure laminate finishes will be considered upon request.
- For leg finish options, please see page 378. No upcharges.
- If more than one fabric or a fabric/vinyl and leather combination is required, please fill out a "Seating Multiple Textile" form, specifying each fabric location. Please contact Customer Service for more information.

STANDARD FEATURES

- A modular series that is composed of straight, curved and corner sections.
- Same seat height units with no upholstered arms can be linked together to create a variety of layouts. Ganging hardware is standard (factory installed) and swivels out of the way when not in use.
- The unique tapered legs are made of welded steel, with each leg bolted directly to the unit frame. Standard leg height is 6.5". The leg height makes it easy to clean under the product.
- Legs are standard in Chrome (CHM) with Black nylon non-marking height adjustable glides.
- Modular, aluminum loop arms are sold separately (with or without nylon armcaps). These relocatable arms are field installed at any seat to back connector.
- Seating frames are heavy duty with interlocking plywood, puzzle box construction, and are made for active environments. Seats are high density with highly resilient foam.
- Seat to back connector components join back and seat; maintaining offset for cleanout. Connector is available in three finishes.
- All River+ seating models meet or exceed the applicable ANSI/BIFMA standards and are backed by Global's Heavy Duty warranty.
- River+ seating is rated for an active weight up to 600 lbs. per seat and 24/7 use.
- For heavy duty application, Global's Limited Lifetime Warranty is applicable only on fabrics that are rated for 100,000+ double rubs.
- Upholstery options: fabric, vinyl or leather. Leather only recommended on seat and may feature a horizontal stitch detail.
- All units are shipped fully assembled.

OPTIONAL FEATURES

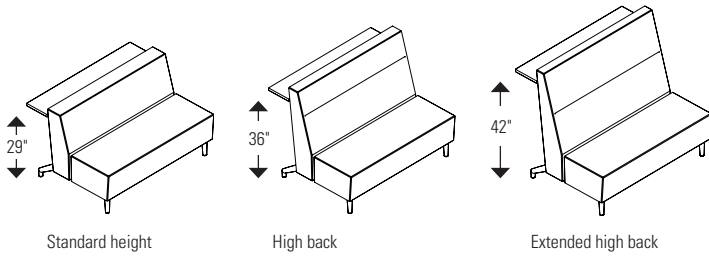

- To add sealed seams to your product, please specify (S2), (SE) - see each model for upcharges.
- A 10" deep, 1" thick back shelf is available on corner, two and three seater units in many low pressure laminate finishes. Shelf supports are aluminum with accessory hook in three finishes. Weight capacity: Shelf - 50 lbs. per seat; Hook - 20 lbs. each.
- Units with shelf available with 6.5" leg. Back legs on these models are (E6) extended legs, as standard.
- To specify tapered legs on shelf models to match models without shelf, select (C6) leg with counterweight. Available on models ending in "S". Upcharges vary.
- Floor mount legs are available. Please specify (F6). Models with shelf will have extended legs. Fastening hardware not included.
- Products can be weighted to reduce the ease of movement. For additional weight options, please specify (CW) - see each model for available additional weight and upcharge.
- Underside of seat is standard with black lining (SB). For improved housekeeping and infection control practices, the underside of the seat can be finished with PVC (vinyl) and sealed to prevent penetration of liquids. Please specify (SU) - see each model for upcharge.
- Steel bottom provides tamperproof protection (includes tamperproof screws). Please specify (BS) - see each model for upcharge. Note: electrical option and ganging are not available with steel bottom.
- Most seating (except corner units) can be specified with power/USB units, which include one power outlet, one double USB terminal with a matching 120" three-prong power cord.
- Power/USB units can be specified in a variety predetermined locations, as shown in the electrical illustrations. Electrical units must be factory installed.

- Power/USB units are available with either Jet Black (J) face plate with Black power/USB receptacles or with a White (W) face plate with White power/USB receptacles.
- Tamperproof fasteners can be requested for a higher level of safety (ganging brackets are not included). Please specify (TP) - see each model for upcharge.

STANDARD FEATURES

- A modular series that is composed of straight, and curved sections, as well as freestanding units.
- Linking units can be used together in any combination to create a wide variety of layouts. Ganging hardware is standard and is factory installed. Ganging hardware swivels out of the way when not in use.
- The unique tapered legs are made of welded steel, with each leg bolted directly to the unit frame. Standard leg height of 6.5". The leg height makes it easier to clean under the product.
- Legs are straight (vertical) as standard. Linking models are optionally available with angled back legs to match River+ seating units.
- Legs are standard in Chrome with Black nylon non-marking height adjustable glides.
- River+ is rated for an active weight up to 600 lbs. per seat and 24/7 use.
- For heavy duty application, Global's Limited Lifetime Warranty is applicable only on fabrics that are rated for 100,000 double rubs.
- Upholstery options: fabric, vinyl or leather. Vinyl and leather models may feature stitch detail across the seat and/or back cushions, if applicable.
- All units are shipped fully assembled.

OPTIONAL FEATURES

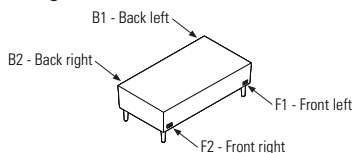

- To add sealed seams to your product, please specify **(SS)** - see each model for upcharge.
- Legs are available in 3" and 8" heights. All heights are available with fixed-to-floor option. Please specify. Upcharges vary. *Fastening hardware not included.*
- Products can be weighted to reduce the ease of movement. For additional weight options, please specify **(CW)** - see each model for available additional weight and upcharge.
- The underside of the seat can be finished with PVC (vinyl) and sealed to prevent penetration of liquids. Please specify **(SU)** - see each model for upcharge.
- Steel bottom provides tamperproof protection (includes tamperproof screws). Please specify **(BS)** - see each model for upcharge.
- Most benches (except corner and freestanding units) can be specified with power/USB units, which include one power outlet, one double USB terminal and a Black 120" three-prong power cord.
- Each power/USB unit is set in predetermined locations, as shown in the electrical illustrations below. Electrical units must be factory installed. Add \$717 per unit.

River+ Seating & Benches

For River+ seating, please see page 293.
For River+ benches, please see page 307.

STANDARD FEATURES

- A modular series that is composed of straight and curved sections, as well as freestanding units.
- Linking units can be used together in any combination with River+ seating and bench units to create a wide variety of layouts. Ganging hardware is standard and is factory installed. Ganging hardware swivels out of the way when not in use.
- Front and back faces of end (linking) tables angles slightly inwards. This inward slant matches the inward angles of River seating so all units coordinate in visual appearance.
- The unique tapered legs are made of welded steel, with each leg bolted directly to the unit frame. All units have the same standard leg height of 6.5". The leg height makes it easier to clean under the product.
- Legs are straight (vertical) as standard. Linking models are optionally available with an angled back leg to visually align with River seating units.
- Legs are standard in Chrome with Black nylon non-marking height adjustable glides.

OPTIONAL FEATURES

- Tables are made with high pressure laminate and are offered in the finishes listed on the right. Please specify. Custom high pressure laminate finishes will be considered upon request.
- Legs of coffee and end (linking) tables are available in 3" and 8" heights. All heights are available with fixed-to-floor option. Please specify.
- Products can be weighted to reduce the ease of movement. For additional weight options, please specify (CW) - see each model for available additional weight and upcharge.
- Most tables (except freestanding units) can be specified with power/USB units, which include one power outlets, one double USB terminals and a Black 120" three-prong power cord.
- Each power/USB unit is set in predetermined locations, as shown in the electrical illustrations below. Electrical units must be factory installed. Add \$881 per unit.
- Power/USB units are available with either Jet Black (J) face plate with Black power/USB receptacles or with a White (W) face plate with White power/USB receptacles.
