STANDARD FEATURES

- A comfortable, high quality, lightweight, stacking chair that is incredibly strong and durable.
- Bakhita is an all polymer chair intended for use indoors or outdoors. Products must be stored inside during extreme and inclement weather. See Global's Outdoor Furniture warranty for additional information.

- Upholstery options: fabric, vinyl or leather. Vinyl and leather models may feature stitch detail across the seat and/or back cushions, if applicable.

From boutique hotels to wellness resorts, the rich experiences that designers create for the hospitality industry are on the move to the places where we work, learn and heal. Erin™ seating is our latest contribution to this changing landscape, crossing conventional boundaries of work and play with options to support a diversity of people and interior applications.

Erin can be specified with sealed seams, moisture barrier and a wide range of Global performance textiles to support healthcare applications and environments with enhanced housekeeping protocols. The sculpted back provides an integrated clean out for ease of cleaning. Wood or metal legs are available in a range of finishes and glide options.

To see the full Erin series, please refer to the Healthcare price list at globalfurnituregroup.com/ca/healthcare/resources/price-lists.

Features and Benefits

- Erin offers a streamlined silhouette brimming with mid-century modern style.
- A rounded arch gently curves around and under the seat to give extra support to user's upper back and sides, while creating an open clean out space at the back of the cushion.
- Tapered legs add style and elegance and are available in wood or metal paint/plated finishes.
- The seat underside is sealed with a non-porous material to support housekeeping and infection control protocols.
- Additional improved cleaning options include sealed seams (back and/or seat) and moisture barrier (seat).
- Assembled with tamper-resistant fasteners for greater security.
- For added comfort, seat cushions are standard with high density Ultracell foam.
- Glides are self-leveling. Choose from standard non-marking glides, rubber non-slip glides or felt glides.

- Chairs can stack 5 high on floor and 8 high on dolly 2125WS. Stools do not stack.
- Comet series tables and connecting brackets are compatible with Twilight models.
- Frame is welded and gusseted 1" round tubular steel. Legs flare out to the rear to provide additional stability.
