STANDARD FEATURES

- Include combines exceptional comfort with refined elegance. The series features Global's first kinetic synchro-tilt mechanism that provides a smooth ride and support.
- Designed for boardrooms, workspaces, meeting rooms and executive offices.
- Two back heights are available that feature a contoured design with a flexible inner structure which includes an integrated lumbar that provides passive adjustment for exceptional back comfort.
- Molded foam seat with waterfall front edge.
- Sleek seat structure free of visible fasteners.
- The series offers fixed arm and armless models (IN30 models) without seat depth adjustment and models (IN40 models) with adjustable arms and seat depth - offering 1.5" (38 mm) of depth adjustment.
- Polished aluminum fixed arms are standard on conference models IN30_HB and IN30_MB with Black (BLK) flush-mount, self-skinned urethane (SSU) armcaps. Kalua (KAL) and Shadow (SHW) armcaps are optionally available with an upcharge.
- Adjustable arms include 4" of height and 1.5" of width adjustment. Armcaps slide forward/backward and articulate 30° inwards and outwards. Black arms are standard with SSU armcaps on task models IN40AHB + IN40AMB with Black accent (V1B). Black arms with polished aluminum accent are available with an upcharge.
- On conference models IN30_HB and IN30_MB, a 4" gas cylinder (4Z) matches selected base finish. It features an adjustable seat height from 17" to 21" and armrests designed to fit under tables with a clearance of 27" or more. On task models IN40AHB and IN40AMB, 4" and 5" gas cylinders are available (see right). *Note: higher range cylinders are not recommended with fixed arm conference models and may result in arm contact with table edge. Check clearance to avoid damage.*
- Five prong, injection molded, fiberglass reinforced nylon Black base (B7) is standard. Polished aluminum base (A7) is optionally available with an upcharge.
- 2.5" dual wheel carpet casters (C82) are standard. Hard surface flooring casters (C82R) are optionally available with an upcharge.
- Available with contrasting textiles. Specify seat separate from backs. Use the Build-It tool on our website for pricing. *For this series, the Two Grade Combination Chart is not applicable for standard textile application.*
- Upholstery options: fabric, vinyl or leather. *Combining different material types (ex. vinyl and fabric) is not recommended due to the potential for puckering.*
- Active weight capacity for this series is 300 lbs. and is covered under Global's Limited Lifetime Warranty.
