Price and Product Guide Section: Features the actual product pricing and specification instructions. This section is divided into Desks, Returns, Bridges, Credenzas, Corners and Components, Modular Storage, Hutches, Wall Mounted Storage, and Freestanding Storage.

General Information: Includes subdivision sections of casegoods construction, varnish specification, veneers and wood solids, finishing process, general installation and hardware, maintenance, terms and conditions of sale, warranty and where to order.

ISO 9001:2015 Registered: The Descor Factory is ISO 9001:2015 registered for manufacturing procedures and practices of quality and quality control processes.

ISO 14001:2015 Registered: The Descor Factory is ISO 14001:2015 registered for environmental procedures and practices.

ANSI/BIFMA Certified: Descor casegoods have passed ANSI/BIFMA standards for product construction and durability.

FSC ®: Forest Stewardship Council ®. Option available on all wood veneer products by special request.

BIFMA e3: Furniture sustainability level 3.

Greenguard: All Descor Products are Greenguard certified.

Price List Effective : January 2025

HOW TO ORDER A PRODUCT

Creating a correct and complete product number ensures clean orders and accurate information for the factory. Clean orders expedite order entry and factory order scheduling, thereby, saving days, sometimes weeks off potential-ly extended lead-times.

From product to product, there are different options available that affect the length, options and sequence of the order-string.

To view current wood, plastic laminate finish and fabric samples, please visit www.globalfurnituregroup.com.

To order actual wood, plastic laminate finish and fabric samples and cards, place request with the Global Marketing Department via fax at 416-667-0338 or via e-mail at literaturecdn@globalfurnituregroup.com

Wood finish and Laminate samples are individual 3"x 5" chips and can be obtained through the above by request.

EXAMPLE - HOW TO SPECIFY

CODES: The price list uses a numbering system with meaningful alphanumeric characters to create a simple to understand product number. This makes specifying the product easy and accurate.

SPECIFICATION EXAMPLE OF A DESK UNIT

PRODUCT CODE:

VMID7242EDG

V = Versailles Series

MID = Double Pedestal Desk, Breakfront Style with Bow Top

7242 = Size: Width x Depth

ED = Pedestal Configuration: FF Pedestal Left and BBF Pedestal Right

G = Aluminum Framed Glass Modesty option on Breakfront Style

OPTIONS:

FINISH:

Choose Finish (e.g. MPW) - See Page A.23

EDGE:

Choose Edge Detail (e.g. V15) - See Page A.23

HANDLE:

Choose Handle (e.g. PL64) - See page A.23

If Handle is not specified Routed Pull is standard.

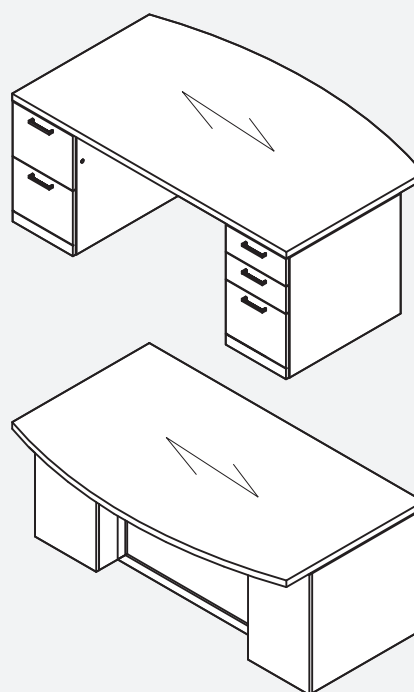

Optional Grommet Locations:

TL - Top Left

TR - Top Right

For Grommet Location see Page A.13

NOTE: Arrow indicates direction of grain.

VERSAILLES SERIES DETAILS

Series Detailing: Versailles detailing is contemporary with a variety of edge options on all perimeter edges. “V” edges have solid walnut, cherry, maple or oak, that band edge tops 1/4” wide by 1 3/8” thick for an overall thickness of 1 3/8”. For “U” edge, solid walnut, cherry, maple, oak that band edge tops 1/8” wide by 1 3/8” thick for an overall thickness of 1 3/8”.

Grommets: GM5 is the standard Versailles grommet with a “V” Edge. When “U” is specified the GM5P is standard. Grommets are included standard where shown in the product line drawings. Otherwise, specify additional grommets where needed. See Grommet Specification details at Page A.13.

Locking: Locks are standard on all “below work surface level” drawer and door storage units with the exception of the pull-out tray units and single lateral file drawer combination tray/slot units. Combination storage unit comes with lock for file and lateral file drawer only, box drawers cannot lock. Lock colour will match the handle option. Locks are optional on all “above work surface level” closed storage.

For Optional Grommets:

GM5E (Black) / GM5K (Tungsten) \$91
GM5EP (Black) / GM5KP (Tungsten) \$51

CONSTRUCTION

Finish: Conversion varnish (similar to catalyzed lacquer, but tougher), 25° sheen. Descor does not buff or rub its finishes.

360° Finishing: All Descor wood casegood products are veneered and finished on the back sides (except modular under-surface storage - tops and backs are unfinished).

Veneers and Solids: Veneers and solids are Number One select, architectural grade “A” oak, walnut, cherry or maple. All Descor wood worksurface mould-ed edges are solid oak, walnut, cherry or maple.

Series Handles: If no handle is specified, there will be a routed finger pull in drawer fronts and touch latch mechanism for doors.

Pedestals: Full-to-the-floor. Pedestals are fully assembled units that are either installed into desk and credenza shells, or available as modular units. Undersur-face storage units include locks.

Drawer Suspensions: Pedestal drawer suspensions are metal ball bearing type. Both box and file drawers are full extension.

Hanging file rails: Are pre-installed on file drawer perimeters. The back rail in a lateral file drawer is designed for both legal and letter size filing.

Drawer Construction: Drawer sides and bottoms are wrapped black vinyl. Veneered drawer interiors are available as an option (see finishes and options section).

Drawer Fronts: The drawer front is an applied element to a four sided drawer. Drawer fronts are veneered on all surfaces. Routed horizontal finger pull is solid oak, walnut, cherry or maple. If a handle is specified no hardwood routed pull is provided. Drawer fronts can be removed or replaced in the field.

Leveling Glides: Levelers have a 1” range of adjustment.

VENEERS AND WOOD SOLIDS

Descor provides high quality veneers and solids to our customers.

We procure wood globally but mainly in North America and Europe with a progressive approach towards sustainability. We ensure our vendors are protecting and maintaining the natural forests of origin. Descor lays-up its own flat cut (cathedral pattern) in book matched set and patterns. Rift cut veneers are laid-up in a slip match method.

For additional information on veneer species, cuts and patterns please contact your customer service representative.

DESCOR CONVERSION VARNISH SPECIFICATIONS

Descor uses conversion varnish: It is among the most durable finishes used in the contract furniture industry (more durable than catalyzed lacquer).

Conversion varnish is a synthetic, catalyzed cured (chemically active) finish, containing UV inhibitors to slow the oxidizing (color changing) effects of ultra-violet rays on wood.

Descor produces low 25° sheen. Low sheens are the most practical for commercial use as it doesn't show most scratches and are more easily touched-up than higher sheens.

Cures with heat, developed two ways:

- Chemically (catalyst reaction within the varnish itself)
- Line oven (approximately 140° F) accelerates finish curing and increases molecular density for a harder finish

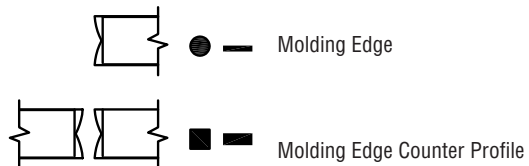

Conversion varnish has a component called “solids”, produced by a combination of resins when the solvent evaporates. These solids float to the varnish surface, which is where they cure. These solids are the durable aspect of the finish.

Descor uses an “off-the-gun” technique with conversion varnish. This means the “solids” (the durable aspect of the finish) remain intact on the surface of the finish.

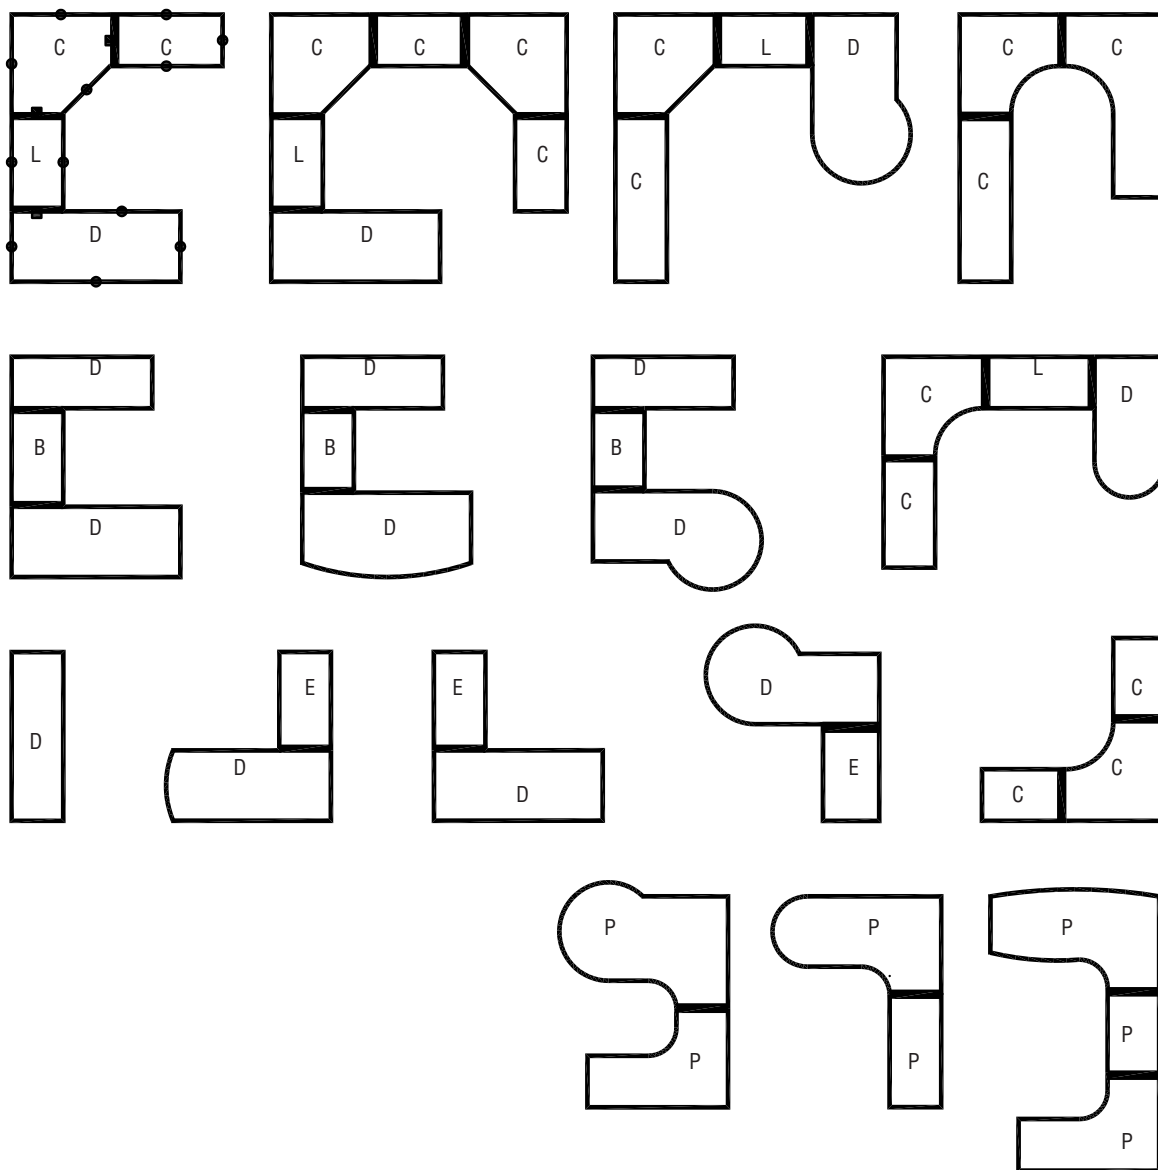

Descor's standard finish on oak and walnut is open pore, on cherry and maple is semi-closed pore. If a full fill finish is required for walnut, cherry and maple tops, add the suffix “2” to the finish code and add 5% to the base pricing for each product.

Custom finish is available at an upcharge (See finishes and options section).

VERSAILLES EDGE DETAILS

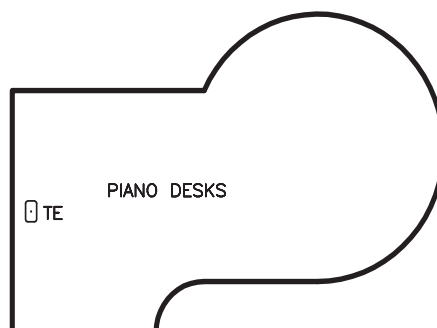

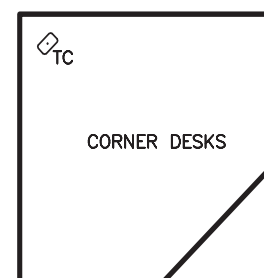

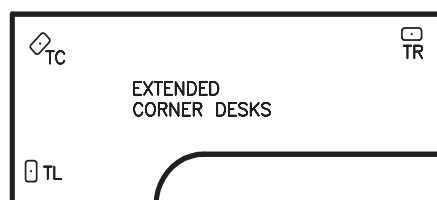

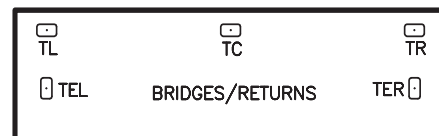

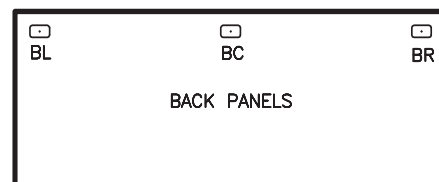

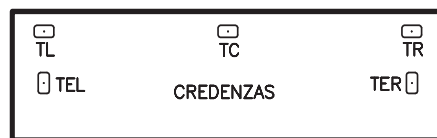

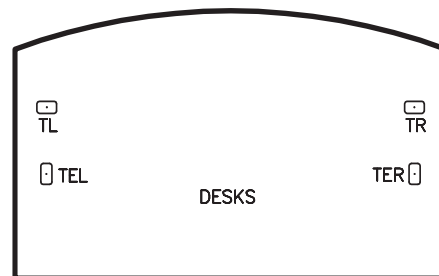

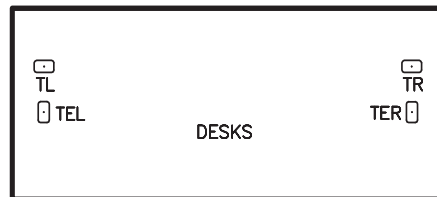

D - Desks and Credenzas
 B - Executive Bridges
 E - Executive Returns
 C - Corner Components
 L - Linking Bridges
 P - Piano Desks

Note: Refer to Price List Pages for appropriate coding and pricing. Custom configurations are available by requesting a quote.

GROMMET SPECIFICATION

Includes standard and optional Grommet Locations

**Note:**

- For pricing on optional Grommets refer to Page L.12. Custom configurations are available by requesting a quote.
- For TEL & TER location please contact customer service.

VERSAILLES DESKS

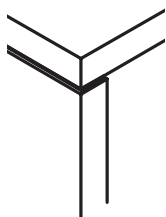

Can be ordered as a shell or with pedestals.

Hand of Rectangular Desk is determined by location of pedestal from user side.

Hand of "D" Top is determined by outward orientation of curved end from user projection.

Hand of "P" Top is determined by outward orientation of conference end from user projection.

VERSAILLES EXECUTIVE RETURNS

Executive Return is used to attach to a Single Pedestal Desk, Single Pedestal Credenza, Desk Shell or Credenza Shell.

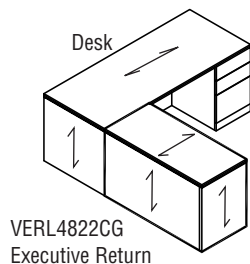

Can be specified as a Shell or with a Pedestal.

Back Panels are available as either full height or 8" from the underside of the worksurface.

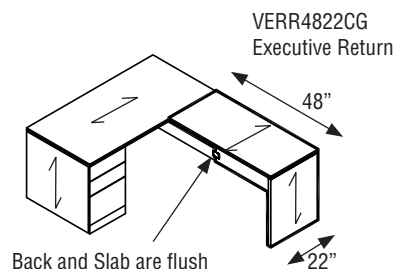

Hand of Executive Return is determined by location of full end panel from user side.

Hand of Desk or Credenza is determined by location of pedestal from user side.

Executive Return attached to Desk or Credenza

To remove Cross Grain veneer pattern on Top,
delete suffix "CG" from the Product Number Code.
(Available at no upcharge)

VERSAILLES CORNER COMPONENTS

Corner Table is used to connect to Linking Bridge and Linking Credenza.

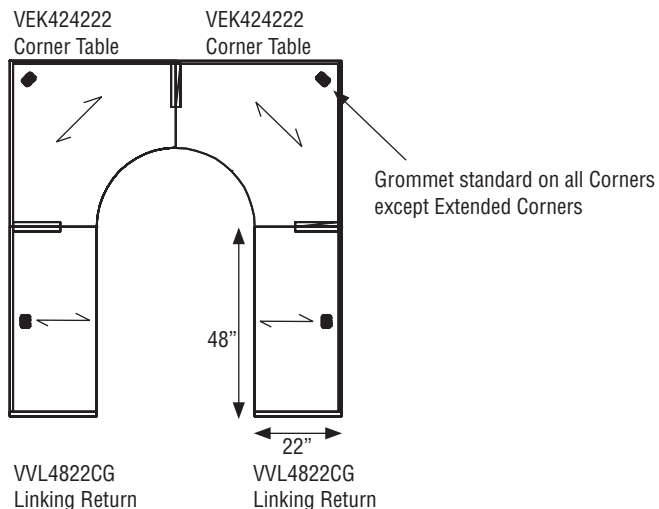

Cable management tray included.

Back Panels are available as either full height or 8" from the underside of the worksurface.

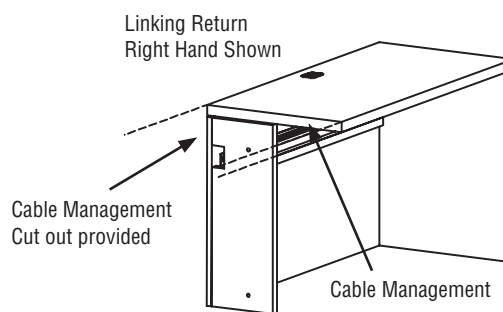

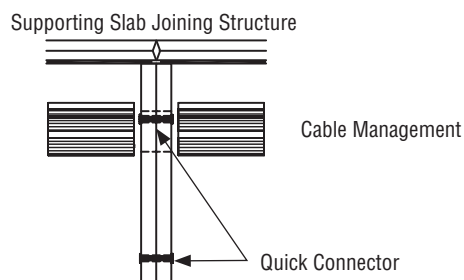

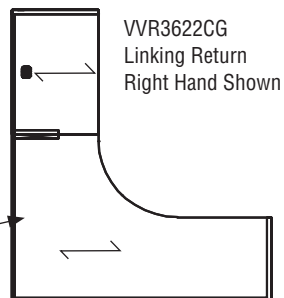

Hand of Linking Credenza is determined by location of full end panel from user side.

Hand of Extended Corner is determined by location of long narrow end from user side.

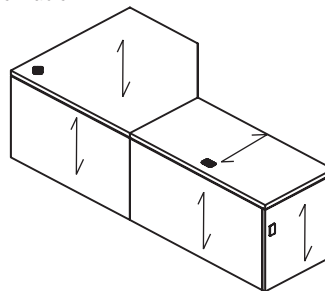

To remove Cross Grain veneer pattern on Top,
delete suffix "CG" from the Product Number Code.
(Available at no upcharge)

Grommet must be specified if
required.
For Grommet Location see
Page A.13.

GENERAL INSTALLATION AND HARDWARE

Uncartoning

Always uncarton wood office furniture with care. Never use a knife or sharp object of any kind to open cartons. Tear cartoning tape off by hand. Protective corner blocks, foam-wrap, and a bottom skid are included in the carton during shipping for protection.

Hardware: All necessary hardware for attaching furniture is included in the shipment. Actual wall-attachment fasteners for wall cabinets, Tackboards and Visual Boards are not included due to variable site conditions.

Hanging file rails: Pre-installed on file drawer perimeters and accommodates both legal and letter size filing.

Flat-plates: Are used to attach Bridges and Returns to Desks and are shipped pre-attached to the bottom of the Bridge or Return. Mini-flat-plates for securing Bridge Back Panels to Desk or Credenza End-panels, and quick connectors for securing modular Corner Units to adjacent pieces, are shipped along with screws in a plastic bag attached to the bottom of the Bridge or Return.

Caution: Using screws other than those supplied by Descor could result in damage to finished tops. Descor will not honor claims due to installation of incorrect hardware.

Installation: Wall-mounted cabinets, Tackboards and Visual Boards are pre-attached with horizontal wall rails to the back of each unit. The wall-side components must be detached from the unit and fastened to the wall accordingly. Wall fasteners are not included due to the variable site conditions. Securing the wall rail to a vertical structural member is the required manner of installation. The Cabinet or Visual Board is then lowered on to the wall rail. It is important to level the wall rail before installation. Wall cabinets are equipped with levelers at the bottom of the back panels for proper cabinet alignment. Units with doors are equipped with adjustable European door hinges to assist in door alignment. It is required to use a #8 wood screw through the back of the cabinet and the wall-mounted rail, to further secure the wall attachment. Tackboards have vertical grooves in the back for tasklight wiring.

Hutches: Descor utilizes a non-marring method of Hutch attachment. They are installed with double faced tape applied to the bottom of the end panels. The tape is shipped in a plastic bag found in the Hutch. Removal of the Hutch requires moderate pressure to be applied on the top of the unit towards the wall for at least a minute for the pressure sensitive tape to release. At the dealer or installer's discretion, additional support may be added by installing flat-plates along the outside back of the attached units. These flat-plates are not included in the shipment.

Hutch tackboards: Factory installed.

Modular storage units: Have pre-drilled holes through the unfinished tops for securing to the bottom of the work surfaces. Screws and lock keys are included in a plastic bag fastened inside the pedestal. Installer should leave a 1/8" reveal between the Modular Storage Unit and the End panel. Disassemble the Modular Unit first before relocating the entire unit to avoid damage or bodily injuries.

5-sided corner tables: Join Bridge and Credenza run-offs, using the supplied quick-connectors. Recessed end-panels in these units are pre-drilled to accept quick-connectors for easy alignment. Accurate leveling is critical for these units to align and connect properly. Flat-plates are pre-attached to the work surface to secure to the desk unit.

Upon completing installation, wipe furniture with a damp cloth, followed by a dry soft cloth.

Leveling wood office furniture properly is the most important procedure to ensure proper functioning and alignment of drawers, locks and doors.

CARE AND MAINTENANCE GUIDE

Wood Casegoods Care: Descor furniture is constructed to strict specifications to ensure years of satisfied use. As with all wood products, certain care requirements and periodic maintenance are necessary in order to maintain the original new appearance and function.

Finish Protection: All clear wood finishes are susceptible to scratches from rough and abrasive objects, such as staples, paper clips, ceramic coffee mugs, flower pots, picture frames, etc. Computer equipment with rubber feet can also cause discoloration and softening of the finish due to petroleum distillates in the rubber.

Glass tops are the ultimate protection against scratch mishaps.

The most practical protection is the use of desk-pads or blotters, paper management bins, coasters, common sense caution with rough items, and adding pressure sensitive felt to the feet or bottoms of any potentially destructive item on the Desk.

Finish Care: Wax or polish should never be used on the catalyzed finish; they will give a greasy, cloudy or uneven appearance to the product. Descor's conversion varnish finish is best cleaned by wiping the surfaces with a damp cloth, followed by a soft dry cloth in the direction of the grain. If the surfaces are very dirty, use of a glass cleaning type of product is recommended.

Never use a silicon based product to dust or polish catalyzed finishes. Over time, silicon may disrupt the actual molecular composition of the finish and cause it to soften and become cloudy.

Additional Tips:

- Remove any spilled liquid immediately with a blotting, rather than a wiping motion.
- Do not drag or push objects or stacks of papers across any finely finished surface.
- Avoid exposing surfaces to extreme heat, cold or humidity.
- The surface finish may be burn resistant, however, the wood underneath the finish is not and can be charred by a burning cigarette or heat producing unit.
- Exposure to strong sunlight should be avoided. The surface finish is fade-proof, however, in spite of UV inhibitors in the finish, the wood underneath may change color (patina) where extended exposure to sunlight exists. Natural or light finished species are especially susceptible to UV color change.
- Building maintenance and maintenance service management should be notified of the proper care instructions and procedures for your furniture to avoid damage and allow optimum appearance for years to come.
- Special care should be taken to protect wood furniture when other trades such as painters, electricians and telecommunications workers are present performing work.
- Drawer suspensions are lubricated prior to shipment. Periodic lubrication may be applied to the ball bearing housing with a high quality lubricant found in most hardware stores.
- Drawer alignment is achieved with proper leveling of desks and credenzas.
- Check leveling glides for adjustment if the furniture is moved.
- Modular furniture items, such as Desk Shells and Modular Pedestals **must be disassembled** prior to moving or relocating to avoid damage to the furniture.
- Hutch and wall cabinet doors may require field adjustment, from time to time, due to shifting weight load factors inside the cabinet.
- Touch-up of wood furniture should only be attempted by a qualified refinisher/touch-up technician. Contact your furniture dealer if this need should arise.

DESCOR LIMITED LIFETIME WARRANTY

Descor will, at no cost to the original purchaser and for as long as the original purchaser owns a Descor product repair or replace with a comparable product, at Descor's option, any part or product sold after January 01, 2001, which fails as a result of a defect in its design, materials or workmanship. For all purposes of this warranty, the term "purchaser" is defined as the entity or individual acquiring a new Descor product as the initial purchase thereof either from Descor or an authorized Descor dealer.

Exceptions to this warranty include:

- Descor warrants wood casegoods products to be free from defects in materials and workmanship for a period of 10 years, of single shift service, from the date of delivery.
- Lighting products and grommets are warranted for one year from date of delivery.
- Custom electrical solutions may carry varying warranty coverage.
- Descor fabrics and wood veneers are warranted for 5 years from the date of delivery.
- Electrical components are warranted for 1 years from the date of delivery.
- Moving parts, which include, glides, slides, casters, user adjustable worksurface mechanism are warranted for 5 years from date of delivery.
- Descor warrants its products based on a single shift (40 hours/week). Usage beyond a single shift (40 hours/week) will result in a reduction in the warranty, in proportion to the increased usage.
- Pneumatic cylinders for any product, unless otherwise stated, are warranted for 10 years of single shift (40 hours/week) usage, from date of delivery.

This warranty does not include:

- Customers Own Material or finishes applied to Descor products (which include graded in fabrics, which are treated as Customers Own Material).
- Wood Veneer being a natural material will have shade differences between veneer leaves. This will be more apparent between flitches. Fading on wood veneers can be caused by exposure to UV rays / sunlight.
- Wood color, grain and stain acceptance, which may occur due to the natural elements of wood.
- Ballasts and light bulbs.
- Products which have been modified or which have not been installed or used according to Descor's application and installation guidelines or warnings.
- Products that must be replaced due to normal wear and tear, negligence, abuse, accidents or shipping damage.
- Products used for rental purposes.

In no event shall Descor be liable in either tort or contract for any loss or direct, special, incidental, consequential, or exemplary damages.

This warranty is the customer's sole remedy for product defect. Descor makes no warranties, including the express or implied warranties of merchantability and fitness purpose, other than the express warranties contain herein.

TERMS AND CONDITIONS OF SALE

Prices: Prices are subject to change without notice. All shipments are F.O.B. the plant unless otherwise indicated. All taxes are extra.

Terms: Merchandise shall be invoiced when shipped and payment is due 30 days after invoice date.

Orders: All orders are subject to acceptance by Descor head office and to the Terms of Sale which appear in current price lists.

Orders: All orders are subject to acceptance by Descor head office and to the Terms of Sale which appear in current price lists.

Returns: Merchandise may not be returned without prior written consent. Upon approval, a minimum restocking charge of 35% shall be deducted from the credit note, in addition to any expense incurred should reconditioning be necessary. Return shipping must be prepaid.

Cancellations: All orders are considered firm and not subject to cancellation without our documented approval. Cancellation charges may be required based on expenses incurred during order processing.

Carriers: All shipments shall normally be made through the Buyer's specified carrier. Otherwise Descor shall use its best judgment in selecting a carrier. Prepay and Add Service Charge to cover cost of processing prepaid freight bills, a charge of \$30.00 per shipment will be made. This amount will be included in the "Freight Charges" invoiced by Descor.

Liability: Every effort is employed to effect secure packing for shipment. Descor's liability ends when the carrier issues a clear receipt, acknowledging

automatically that the shipment has been received in good condition.

Claims: It is required that all merchandise be carefully examined by recipient before issuance of clear receipt to carrier. Should the shipment arrive unsound or incomplete, have carrier make proper notation on the delivery receipt and original freight bill as to discrepancy before accepting shipment. Any claim for damage or shortage must be filed by you with the delivering carrier. Descor will not accept return of merchandise damaged in transit.

Changes and Cancellations: Descor reserves the right to institute changes with regard to materials, equipment, specification and designs, as well as to discontinue models at any time without prior notice.

After the date of Descor's acknowledgement of a Purchaser's order, the order may not be changed or cancelled by Purchaser without the written consent of Descor. Special order items already in production are not subject to change or cancellation under any circumstances. Other standard items already in production are subject to a minimum 35% restocking charge, based on list price. A higher percentage may apply, depending on the stage of production.

Finishes: Descor veneers and solid woods are carefully selected for color, tone and grain. Since the distinctive characteristics and nature of wood cause variations, exact matches are not always possible.

Shipping Weight: All shipping weights and cubic sizes as indicated are approximate.

Dimensions: Are approximate. Please contact Descor for specific dimensions required.

- Two 2.5" Square metal post legs

Electric Height Adjustable Units • TECHNICAL INFORMATION

- All Height Adjustable (HA) units are shipped fully assembled.
- Simple Up / Down function enables the height adjustment of the work surface.
- The height adjustment range for Desks is 29" to 45", for Table and Bridge Top 26" to 43" (incl. work-surface).
- Single stage HA mechanism with an electric motor in each column is used.
- The height adjustable mechanism operates at 1.5" per second.
- Max. weight / lift is 265 lbs.
- All columns are integrated into fully functional pedestals, or pedestal bases with the exception of the HA Table & the HA Bridge Top.
- Height adjustable bases are available in three colours;
 1. E - Black
 2. K - Tungsten
 3. DWT - Designer White
- All Desks include two (2) PVC wire management channels (L & R side) allowing for cabling through the pedestals.
- Hanging Wood Modesty Panel on Desk is standard. Hanging Glass (Aluminum framed) Modesty Panel is optional.
- To avoid risk of pinching;
 1. 4.9" / 124mm gap is kept between the pedestal and the lowest point of the work-surface.
 1. Wood spacer HASP must be used to attach Height Adjustable unit in the "U" or "L" configuration. See Assembly Instruction.
 2. 2" gap is required between the work surfaces when using the HA Table or the HA Bridge Top.
 3. Includes collision detector.

PIANO DESKS • TECHNICAL INFORMATION

- All Desks are shipped assembled.
- Units include installed horizontal wire management.
- Unit is handed by Post Leg.
- Not for use with Regular Corner Units.
- For Cross Grain veneer pattern on Top, add "CG" to code.
- If Grommet is not specified Black Grommet is standard.

PIANO DESKS • GUIDELINES FOR ORDERING PRODUCT

CODES: The price list uses a numbering system with meaningful alphanumeric characters to create a simple-to-understand product number. This makes specifying the product easy and accurate.

SPECIFICATION EXAMPLE OF A PIANO DESK UNIT

PRODUCT CODE:

VTDP72304824

V = Versailles Series

TDP = Piano "D" Shaped Table Desk

R = Right Configuration

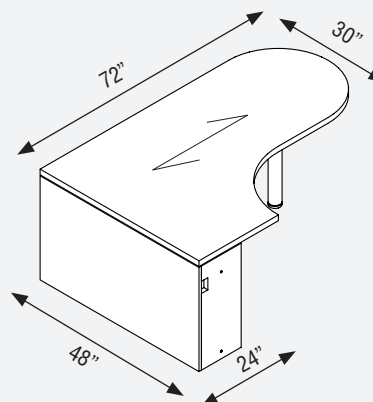

7230 = Size of Worksurface: Width x Depth

4824 = Size of End x Depth of Return Connection

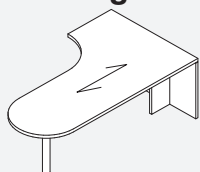

FINISH: Choose Finish**EDGE:** Choose Edge**Optional Grommet Locations:**

TE - Top End

For Grommet Location see Page A.13

NOTE: Arrow indicates direction of grain.

• For "U" Configuration

CREDENZAS • TECHNICAL INFORMATION

- All Credenzas are shipped assembled.
- All Storage Cabinets include one adjustable shelf per set of doors.
- "F" and "G" depict 36" and "M" and "N" depict 30".
- "F" and "N" indicate lateral file drawers and "G" and "M" indicate storage cabinets with doors.
- Credenza Shells accept Modular Storage. Use Modular Storage for top support allowing no more than 72" unsupported.
- Credenza Shells with a width of 96" and more will have a 12" middle support gable.

- Credenza Shells can only be completely filled with Modular Storage Units with ".5" at end of code.
- If a Full Credenza is required, see appropriate pages in this section.
- If Handle is specified:
 - Black and Brass Handle = Black Lock & Grommet.
 - Silver, Nickel and Tungsten Handle = Tungsten Lock & Grommet.
- If Handle is not specified Routed Pull, Black Lock & Grommet are standard.

CORNERS AND COMPONENTS • TECHNICAL INFORMATION

Corners

- All units are shipped assembled.
- Unit includes grommets shown and installed horizontal wire management.

Linking Bridge

- Handed by recessed end panel.
- See Page A.16 for reference.

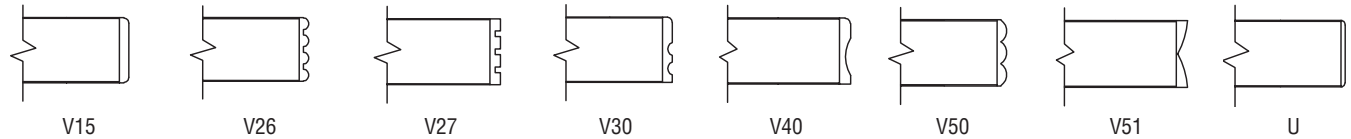

Linking Return

- Unit includes grommets shown and installed horizontal wire management.
- Handed by full end panel.

Table

- Unit includes grommets shown and installed horizontal wire management.

- If Grommet is not specified Black Grommet is standard.

CORNERS AND COMPONENTS • GUIDELINES FOR ORDERING PRODUCT

CODES: The price list uses a numbering system with meaningful alphanumeric characters to create a simple-to-understand product number. This makes specifying the product easy and accurate.

SPECIFICATION EXAMPLE OF A CORNER UNIT

PRODUCT CODE:

VE484824

V = Versailles Series

E = Corner Table with Straight Front

4848 = Size: Width x Depth

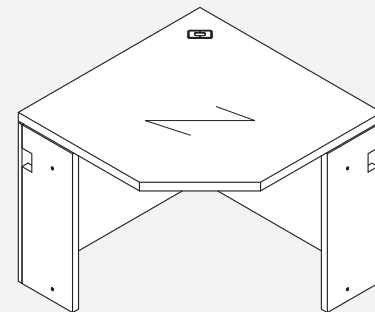

24 = Linking Bridge Depth Size

FINISH: Choose Finish

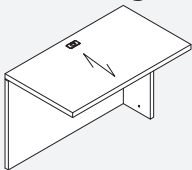

EDGE: Choose Profile

For Grommet Location see Page A.13

NOTE: Arrow indicates direction of grain.

MODULAR STORAGE • TECHNICAL INFORMATION

- All storage components are shipped assembled.
- Components 28" high are intended for use with a Desk, Credenza or Return Shell
- Components 19.5" high are intended for use with 23" high Credenza Shell.
- Backs on 28" high Pedestals and Cabinets are unfinished. If finished back is required, please see Page H.3.
- Modular Cabinets and Bookcases 48" and 54" high do not have a profiled top. If a profiled top is required, please see Page H.10 to H.13 of this section.
- If Handle is specified:
 - Black and Brass Handle = Black Lock & Grommet.
 - Silver, Nickel and Tungsten Handle = Tungsten Lock & Grommet.
- If Handle is not specified Routed Pull, Black Lock & Grommet are standard.

MODULAR STORAGE • GUIDELINES FOR ORDERING PRODUCT

CODES: The price list uses a numbering system with meaningful alphanumeric characters to create a simple-to-understand product number. This makes specifying the product easy and accurate.

SPECIFICATION EXAMPLE OF A LATERAL FILE UNIT

PRODUCT CODE:

VWF

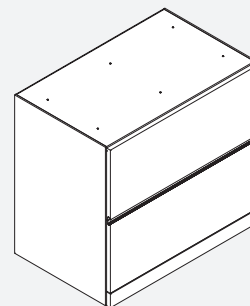

V = Versailles Series

W = Modular/Freestanding Unit

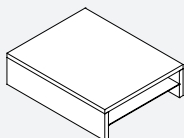

F = 35" wide Lateral File

FINISH: Choose Finish

HANDLE: Choose Handle

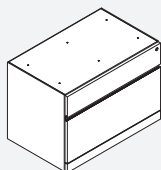

VSPBOX1620 • Worksurface Spacer with Glass Shelf
