GC BELONG BENCHES & BRIDGES

- Units with links can only gang with a bridge. They CANNOT gang directly with another link unit. (Link units have side brackets.)
- Available in one, two or three seat models.
- A bridge unit suspends between 2 other units using their links. A bridge is NOT freestanding. (A bridge does not have legs.)
- Benches have no front or back facing distinction so models with links can be reversed.
- All bridge models can be ganged to seat units with link.

GC BELONG TABLES

- Table heights are 16"
- 1" thick tops are available in thermally fused laminate (LP) and high pressure laminate (HP). Please select the appropriate model number for the finish you prefer.
- 2mm edging color coordinated with laminate finish is standard for all tops. Finish must be specified at the time of order.
- Refer to the following lists when selecting a finish color. Must specify both a top color and leg finish when ordering.
