OFFICE SPACES - PLANNING

BASIC WORKSTATION

Office Spaces planning begins with the credenza, the storage undercarriage, the worksurface, the required support channels and the leg column kit type. The examples below feature fixed height leg column kits and all surface types in a right handed configuration, but any can be specified with height adjustable leg column kits and/or the opposite handedness.

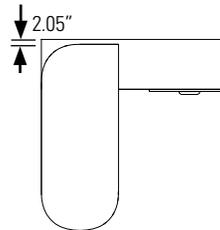

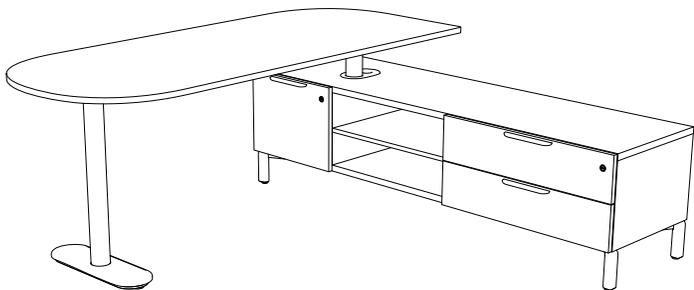

To support surfaces, specify the required leg column kit, the low storage with leg grommet and support channel bars for primary surfaces (single bar up to 66", two required for 72" and above) and a return support kit for return surfaces. Primary worksurfaces cannot rest directly on the low storage or as a freestanding table desk.

Surfaces with curves at opposite sides can be used with left or right handed credenzas (right shown).

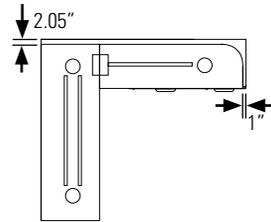

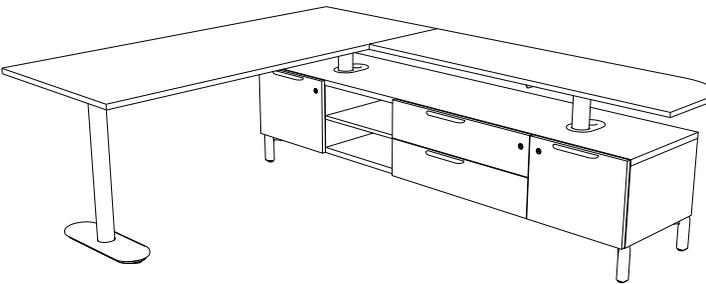

L-DESK SURFACES

To specify an "L" shaped configuration with Office Spaces, a credenza with two leg grommet, a three column fixed or height adjustable kit, two support channels and a return support channel kit are needed. The examples below feature fixed height column kits, a basic rectangular primary worksurface with various return shapes available.

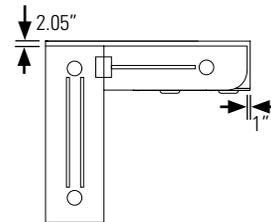

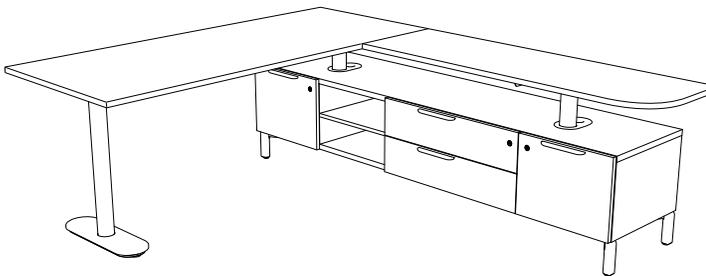

They can also be specified with height adjustable column kits and/or opposite handedness. The primary surface can be specified as any shape as shown on the previous page. To support surfaces, credenzas must be specified with two leg grommets. Surfaces cannot rest on the credenza.

STORAGE

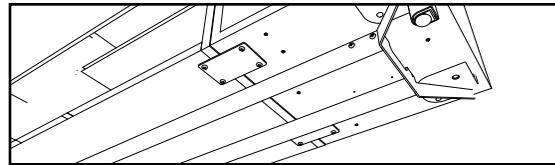

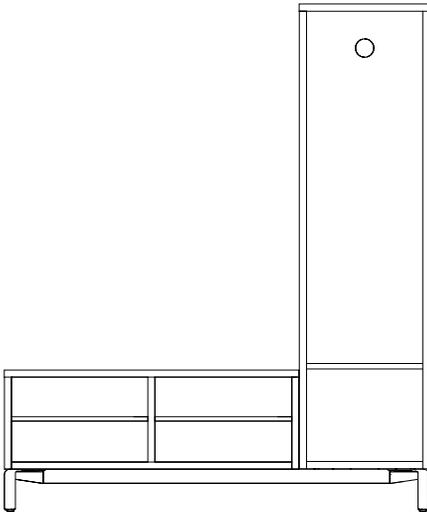

SKSLL Storage Legs for single units.

SKSLU20 Storage Undercarriage

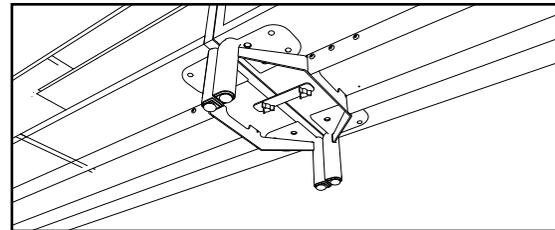

*Freestanding Storage 24 or 30" w use SKSLL.
Cannot be used for high storage.

*Freestanding Storage 36" w or greater use SKSLU20xx

Flush Plate Detail

Flush plates (SKWSFP) are required when combining low and high storage over a single undercarriage.

Ganging Clip Detail

A base ganging clip (SKSAGC) is recommended when positioning two separate undercarriage pieces side by side. The half-pill shaped legs align to form an oval column to emulate the curves seen through the Spaces Collection.

*Combining low and high storage is possible over a single undercarriage. No more than one low storage unit and one high storage can be combined on a single undercarriage.

18" wide high storage can only be used in conjunction with low storage 36" wide or greater.

NOTE: All storage units have a recessed back of 1.29"

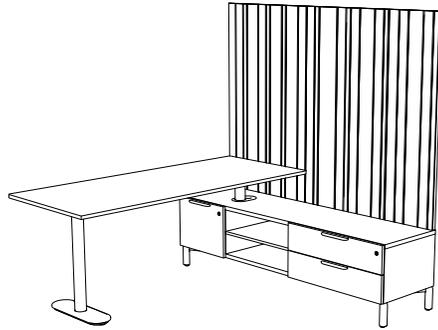

BACKBOARDS + OVERHEADS

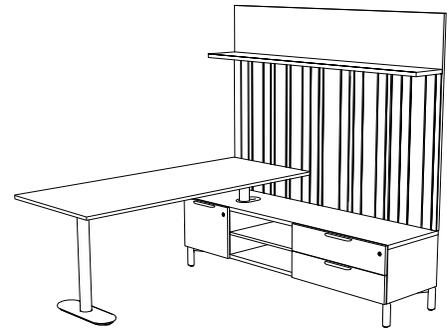

Backboards add a decorative finished element to the space and with optional shelving or when used with overheads add personal storage options; they are wall mounted. Backboards include rails for mounting; hardware to fix to the wall is not included.

Backboards are intended to be mounted with bottom flush to the top of 20" low storage and aligned to the top of high storage.

Backboards are available in laminate (**LP**), dry erase whiteboard (**DE**), PET felt (**PT**), and patterned PET felt (**VE**).
