Weight sensing synchro-tilter mechanism

Ergonomic features:
B, C, L, M, N, U

STANDARD FEATURES

- Include chairs combine exceptional comfort with refined elegance. The series is Global's first to offer new kinetic motion, weight balanced synchronous tilt providing smooth action and support. Include goes beyond the boardroom, from collaboration to light work and executive offices.
- Available in two back heights. Backs are contoured with an inner flexible structure and lumbar with over-molded foam and includes an integrated, passive adjustment lumbar pad to create a new level of comfort in an upholstered back.
- The durable, injection molded foam seat includes a waterfall front edge and an under seat structure with a sleek, fastener-free aesthetic.
- The series offers fixed arm and armless models without seat depth adjustment (IN30 models) and models with adjustable arms and seat depth (IN40 models).
- The polished aluminum fixed arm is standard with a flush-mount, soft, durable and warm to the touch urethane (SSU) arm cap. Select arm cap finish in standard Black (BLK) or optional Kalua (KAL) and Shadow (SHW), see upcharges.
- A (4Z) 4" gas cylinder is standard and matches the selected base finish. The cylinder supports a 17" to 21" seat height with a max arm height clearing tables with under-surface clearance of 27". Note, higher range cylinders are not recommended with fixed arm models and may result in arm contact with table edge. Check clearance to avoid damage.
- Five prong, injection molded, fiberglass reinforced Black nylon base (B7) is standard. Polished aluminum base is optional. See upcharge.
- C82, 2.5" dual wheel carpet casters (82), standard. C82R, Hard floor caster (8R) are optional. See upcharge.
- The series is available to specify with two textiles, one for the seat cushion and one for the back. For pricing, start with the base price and add upcharges for both back graded textile upcharge and the seat graded textile upcharge. Upholstery options include fabric, coated fabric or leather.
- To minimize potential for cleaning liquids and spills entering the seat cushion, a moisture barrier (MB) creates a protective layer under permeable textiles, see upcharge. Moisture barrier is not available with sealed seams.

- For approved coated textiles, sealed seat seams (SE) are available, see upcharge. Sealing the seams of water resistant materials ensures the seams are protected. Note, some puckering may occur at curves and corners due to the added material thickness.
- Chairs ship (PAS) Partially assembled, standard.
- Include's weight capacity is 300 lbs and is covered under Global's limited lifetime warranty.
- Note the Blended Textile Matrix is not applicable to this series when specified as noted above. For other multi-fabric applications, contact Customer Care.

Ergonomic Features:
A, B, C, J, M, N, U

STANDARD FEATURES

- Luray is designed for boardrooms, meeting rooms and executive offices.
- Luray offers a choice of finishes to match any environment: from durable nylon components to sophisticated polished aluminum and elegant wood trim.
- Three back heights are available, featuring horizontal sewing details.
- Stitch detail on edges of seat and back is discrete, using matched thread as standard.
- Choice of two mechanisms; tilter and knee-tilter.
- Standard with Global's high quality Soft Descent™ pneumatic lift which slowly and gently lowers the seat height of the chair making it easy to obtain the exact seat height you desire.
- Fixed loop arm design comes standard in Black fiberglass reinforced nylon with a self-skinned urethane (SSU) armcap; which is soft, durable and warm to the touch. The armcap overhangs the front and side of the arm so that chair to table contact is cushioned by the pliable edge.
- Five prong, injection molded, fiberglass reinforced, nylon medium rise base (B7B) with (C1) dual wheel carpet casters.
- Check textile availability prior to specifying upholstery material.
- Pedestal base models are offered on (-4) Tilter mechanisms only. These models provide fixed location seating for use in auditoriums, classrooms, jury boxes, public venues and more. The base must be mounted to the floor (mounting hardware not included). See Pedestal Base Installation Guide for details.

OPTIONAL FEATURES

- Upholstery is available with exaggerated top stitch detail (heavier thread). Fourteen coordinating or contrasting colors may be selected. Please specify.
- For Additional caster options, please refer to the Arm and Caster section of the Price Book. Optional casters may be priced higher than the standard casters for your chair and the difference will be charged. Lower priced optional casters will not be credited.
- Please refer to "Cylinder Selection" section of the price book for additional cylinder options.
- For Memory Foam, specify (MF) and add \$124.
- Pedestal Base models have black bases with 2" height adjust cylinders. Specify (SCC) swivel, auto return to max height (no upcharge); (SN) non-swivel, auto return to max height (Add \$23); or (SC) swivel, self-centering and return to max height (Add \$35).
