

GLOBAL is pleased to introduce the **LUFTON** wood veneer series. This contemporary collection features an all wood veneer construction with a variety of features that emphasize a modern approach to the private office.

1-3/16" worksurfaces include a choice of four 1/4" hardwood edges to choose from – Flat (L10), Radius (L20), Fluted (L30) and Soft Tail (L40). A black 5mm PVC inlay between the worksurface and gable provides a striking visual detail.

Drawers and storage items feature eight handle options to choose from (where applicable) – storage options are available in 29", 66" and 72" heights. Various models include different types of storage configurations.

New 23" height credenzas allow for different visual planes – combined with a spacer unit, worksurfaces can be supported over this credenza.

Above worksurface storage selections include overhead storage and hutches with or without pigeon-hole storage. Hutch doors are available in a choice of veneer or glass with an aluminum frame. Tackboards are offered in all fabric or with a built-in accessory rail for organizing folders, binders, CDs and more!

- Touch up kits available, includes a touch up marker and fill crayon. Order **VTOUCHUPKIT**, **\$175** list. Specify finish when ordering.
- Global standard finish, on oak and walnut, is open pore and on cherry and maple is semi-closed pore. If a full finish is required for walnut, cherry, anigre and maple tops, add the suffix **"2"** to the finish code and add 5% to the base pricing for each product. Custom finish on standard veneer is available. Add 15% to the base pricing for each product.
- High Pressure laminate inlays are available at no upcharge. Contact Customer Care for specification information.
- Hanging file rails are pre-installed on file drawer perimeters and accommodate both legal and letter size filing. Legal filing can be achieved either as side-to-side or front-to-back. Letter filing can be achieved as front-to-back filing only.
